L. A. City Planning Dept,

After reviewing the DEIR for ENV-2002-
the Canyon Hills Project Item 241-EIR
in Sunland / Guyana and
having attended several meetings
regarding the above, I feel the
needs of our community are
not being addressed with regard
to the wildlife in the surrounding
hillsides. The report appears to
be incomplete in respect to the
impact of the Canyon Hills development
on our wildlife areas and how
they plan to address these problems.
Items such as, wildlife corridors
for the free movement of species native
to these mountains and the potential
encounters with humans seem

to me the most pressing.
Both humans and animals will
suffer if all aspects of this
topic are not fully and
intelligently considered.

Thank you,
Carol Hartwell

This is only one of the many
flaws to this plan.
