Re: Draft Environmental Impact Report  
Canyon Hill Project

Dear Ms. Zaitzevsky:

Thank you for the opportunity to review the Draft Environmental Impact Report prepared for the Canyon Hills Project. The only comment we have is the absence of any discussion of compliance with Senate Bill 610 and Senate Bill 221. Both of these senate bills were intended to address large projects of this type and the limited water resources within Southern California. Even though the project may not technically be subject to the provisions of these bills, we believe the draft environmental impact report should at minimum discuss both of these senate bills and the degree to which the project does comply.

19-1

Sincerely
