RECOMMENDATION REPORT

CULTURAL HERITAGE COMMISSION

**CASE NO.: CHC-2017-3967-HCM
ENV-2017-3968-CE**

HEARING DATE: October 19, 2017
TIME: 10:00 AM
PLACE: City Hall, Room 1010
200 N. Spring Street
Los Angeles, CA 90012

Location: 537 South Broadway
Council District: 14 – Huizar
Community Plan Area: Central City
Area Planning Commission: Central
Neighborhood Council: Downtown Los Angeles
Legal Description: Ord's Survey, Block 14, Lot FR 2

PROJECT: Historic-Cultural Monument Application for the
F. & W. GRAND SILVER STORE BUILDING

REQUEST: Declare the property a Historic-Cultural Monument

OWNER(S): 537 Broadway Associates LP
8820 Wilshire Boulevard
Beverly Hills, CA 90211

APPLICANT: Richard Shamoolian
King's Arch, Inc.
8820 Wilshire Boulevard
Beverly Hills, CA 90211

PREPARER: Charles J. Fisher
140 S. Avenue 57
Highland Park, CA 90042

RECOMMENDATION **That the Cultural Heritage Commission:**

1. **Take the property under consideration** as a Historic-Cultural Monument per Los Angeles Administrative Code Chapter 9, Division 22, Article 1, Section 22.171.10 because the application and accompanying photo documentation suggest the submittal warrants further investigation.
2. **Adopt** the report findings.

Attachment: Historic-Cultural Monument Application

SUMMARY

The 1931 F. & W. Grand Silver Store Building is a six-story commercial building located on South Broadway between 5th Street and 6th Street in Downtown Los Angeles' Broadway Corridor. It was constructed in the Art Deco architectural style by Los Angeles master architects Albert R. Walker (1881-1958) and Percy A. Eisen (1885-1946) for R.A. Rowan & Company, a Los Angeles real estate firm. F. & W. Grand Silver Stores Inc. occupied the building from 1931 until 1934, after which it was home to a series of other department stores and clothing stores.

Rectangular in plan, the subject property is of concrete and masonry construction with brick and terra cotta cladding and a flat roof. The rear of the building is only three stories in height and has several utility penthouses on the roof. The primary, east-facing elevation is divided into five vertical sections by banded terra cotta pilasters that start as tiered points at the second floor and continue to the top of the sixth floor. Between them, running from the second to sixth floors, are vertical brass-colored metal single light casement windows topped with transom windows. The windows are separated by decorative brass colored bands of spandrel panels below the second, fourth, fifth and sixth floors. Below the third floor and above the sixth floor are decorative terra cotta panels. The terra cotta pilasters and panels continue to the parapet. The windows on the second floor extend slightly out in the center, creating triangular bay windows, and feature stylized, brass-colored broken pediments and spikes that extend to the terra cotta panels above. The first floor consists entirely of floor-to-ceiling glazing with a horizontal beam separating the storefront from the decorative spandrel below the second floor. The north and south elevations are brick infill with bearing walls and floor plates visible in concrete; there are also painted signs at the top. Most of the interior features have been removed through various remodels and the interior is presently gutted; all that remains are terrazzo floors at the ground level and remnants of an original tile-covered wall.

Both Albert R. Walker and Percy A. Eisen were native Californians. Walker was born in Sonoma, California in 1881. He attended Brown University in Providence, Rhode Island in 1902. Following apprenticeships with firms that included Hebbard and Gill, Parkinson and Bergstrum, A.E. Rosenheim, and Hunt and Grey, Walker established his own practice in 1909. In 1919, Walker partnered with Percy A. Eisen to form Walker & Eisen Architects and Engineers. Eisen was born in San Francisco in 1885 and was trained alongside his architect father, Theodore Eisen. As early as 1908, Percy was in architectural practice with his father as Eisen and Son, Architects. Together, Walker & Eisen designed over 200 buildings and are responsible for such prominent landmarks as the Fine Arts Building (1927, Historic-Cultural Monument #125); the Texaco/United Artists Building (1927, Historic-Cultural Monument #523); the Oviatt Building (1928, Historic Cultural-Monument #195); the Beverly Wilshire Hotel (1928); the Normandie Hotel (1926, Historic-Cultural Monument #1013), and the Commercial Exchange Building (1924, HCM# 1145). The partnership dissolved in 1941.

The subject property has experienced multiple exterior and interior alterations over the years: the first floor of the primary elevation was alternately altered, demolished, and rebuilt five times between 1934 and 1959 and a series of interior remodels between 1934 and 2009 resulted in the removal of most original features and various floor and ceiling openings being in-filled. In 2009, the existing, original façade of floors two through six was repaired and restored.

The subject property is listed in the National Register of Historic Places and the California Register of Historical Resources as a Contributor to the Broadway Theatre and Commercial District.

CRITERIA

The criterion is the Cultural Heritage Ordinance which defines a historical or cultural monument as any site (including significant trees or other plant life located thereon) building or structure of particular historic or cultural significance to the City of Los Angeles, such as historic structures or sites in which the broad cultural, economic, or social history of the nation, State or community is reflected or exemplified, or which are identified with historic personages or with important events in the main currents of national, State or local history or which embody the distinguishing characteristics of an architectural type specimen, inherently valuable for a study of a period style or method of construction, or a notable work of a master builder, designer or architect whose individual genius influenced his age.

FINDINGS

Based on the facts set forth in the summary and application, the Commission determines that the application is complete and that the property may be significant enough to warrant further investigation as a potential Historic-Cultural Monument.

HISTORIC-CULTURAL MONUMENT NOMINATION FORM

1. PROPERTY IDENTIFICATION

Proposed Monument Name: F. & W. Grand Silver Store Building		Former name of property	
Street Address: 537 S. Broadway		Zip: 90013	Council District: 13
Range of Addresses on Property: 537-541 S. Broadway		Community Name: Downtown	
Assessor Parcel Number: 5149-033-003	Tract: Ord's Survey	Block: 14	Lot: NW 59.66 Ft of 2
Proposed Monument Property Type:	<input checked="" type="radio"/> Building	<input type="radio"/> Structure	<input type="radio"/> Object
		<input type="radio"/> Site/ Open Space	<input type="radio"/> Natural Feature

2. CONSTRUCTION HISTORY & CONDITION

Year Built: 1931	<input checked="" type="radio"/> Factual	<input type="radio"/> Estimated	Threatened?: None
Architect/Designer: Walker and Eisen	Contractor: Bavin and Burch		
Original Use: Retail store and office building	Present Use: Same, presently vacant		
Is the Proposed Monument on its Original Site?:	<input checked="" type="radio"/> Yes	<input type="radio"/> No	<input type="radio"/> Unknown
	If "No," where?:		

3. STYLE & MATERIALS

Architectural Style: Art Deco		Stories: 6	Plan Shape: Rectangular
<i>FEATURE</i>	<i>PRIMARY</i>	<i>SECONDARY</i>	
CONSTRUCTION	Type: Concrete, masonry unit	Type: Steel	
	Cladding Material: brick	Cladding Material: Paint	
ROOF	Type: Flat	Type: Flat	
	Material: Rolled asphalt	Material: Concrete	
WINDOWS	Type: Casement	Type: Floor-to-Ceiling	
	Material: Metal	Material: Metal	
ENTRY	Style: Centered	Style: Recessed	
	Material: Glass	Material: Glass	

4. HISTORIC-CULTURAL MONUMENT CRITERIA

The proposed monument exemplifies the following Cultural Heritage Ordinance Criteria (Section 22.171.7):	
<input type="checkbox"/>	Reflects the broad cultural, economic, or social history of the nation, state or community
<input type="checkbox"/>	Is identified with historic personage(s) or with important events in the main currents of national, state, or local history
<input checked="" type="checkbox"/>	Embodies the distinguishing characteristics of an architectural-type specimen, inherently valuable for study of a period, style or method of construction
<input checked="" type="checkbox"/>	A notable work of a master builder, designer, or architect whose individual genius influenced his or her age

HISTORIC-CULTURAL MONUMENT NOMINATION FORM

5. ALTERATION SUMMARY

List **date** and write a **brief description** of work done for major alterations. This section may also be completed on a separate document. Be sure to include copies of building permits in the nomination packet (see Section 9. SUBMITTAL).

1.	1948-2009	Several remodels of storefront and interior. See building permit list.
2.		
3.		
4.		
5.		
6.		
7.		
8.		

6. EXISTING HISTORIC RESOURCE IDENTIFICATION (If known)

<input type="checkbox"/>	Listed in the National Register of Historic Places	
<input type="checkbox"/>	Listed in the California Register of Historical Resources	
<input type="checkbox"/>	Formally determined eligible for the National and/or California Registers	
<input type="checkbox"/>	Located in a Historic Preservation Overlay Zone (HPOZ)	<input type="radio"/> Contributing feature <input type="radio"/> Non-contributing feature
<input type="checkbox"/>	Determined eligible for national, state, or local landmark status by a historic resources survey(s)	Survey Name(s):
Other historical or cultural resource designation(s): Listed as contributing structure for Broadway Theater National Register District		

7. WRITTEN STATEMENTS

This section allows you to **discuss at length** the significance of the proposed monument and why it should be nominated as a Historic-Cultural Monument. Type your responses on a separate document and attach sheets to the back of this form.

- A. Proposed Monument Description** – Describe the proposed monument’s physical characteristics and relationship to its surrounding environment. Identify and describe any character-defining elements, structures, interior spaces, or landscape features.
- B. Statement of Significance** – Address the proposed monument’s historic, cultural, and/or architectural significance by discussing how it satisfies the HCM criteria selected in Section 4 (on the previous page). You must support your argument with substantial evidence and analysis.

HISTORIC-CULTURAL MONUMENT NOMINATION FORM

8. CONTACT INFORMATION

Applicant

Name: Richard Shamoolian		Company: King's Arch, Inc.	
Street Address: 8820 Wilshire Boulevard		City: Beverly Hills	State: CA
Zip: 90210	Phone Number: 310-659-7577	Email: richard@kingsarch.com	

Property Owner

Is the owner in support of the nomination? Yes No Unknown

Name: 537 Broadway Associates, L. P.		Company: King's Arch, Inc.	
Street Address: 8820 Wilshire Boulevard		City: Beverly Hills	State: FL
Zip: 90210	Phone Number: 310-659-7577	Email: richard@kingsarch.com	

Nomination Preparer/Applicant's Representative

Name: Charles J. Fisher		Company:	
Street Address: 140 S. Avenue 57		City: Highland Park	State: CA
Zip: 90042	Phone Number: 323-256-3593	Email: arroyoseco@hotmail.com	

9. RELEASE

Please read each statement and check the corresponding boxes to indicate that you agree with the statement. Then, electronically or physically sign the bottom portion. Either the applicant or the preparer may sign.

<input checked="" type="checkbox"/>	I acknowledge that all documents submitted will become public records under the California Public Records Act, and understand that the documents will be made available upon request to members of the public for inspection and copying.
<input checked="" type="checkbox"/>	I acknowledge that all photographs and images submitted as part of this application will become the property of the City of Los Angeles, and understand that permission is granted for use of the photographs and images by the City without any expectation of compensation.
<input checked="" type="checkbox"/>	I acknowledge that I have the right to submit or have obtained the appropriate permission to submit all information contained in this application.

F. & W. Grand Silver Store Building Architectural Description

This six story Art Deco commercial building, with a richly detailed terra cotta facing, has a symmetrical front facade design with bands of brass colored metal single light casement windows topped with clerestory windows on each of the 2nd to the 6th floors. Decorative brass colored bands of spandrel panels are under the 2nd and 4th through 6th story windows, with decorative terra cotta between the 2nd and third story windows. Banded vertical terra cotta pilasters are between each of the windows, beginning as tiered points at the 2nd story level and carrying to above the tops of the 6th story windows.

The side walls are brick infill, with bearing walls and floor plates clearly visible in concrete, designed to be adjacent to other buildings. The building to the North, which had the upper 4 floors removed in 1986, leaves a scar in the brick edge of the facade. It also reveals a sign for an early tenant in the subject building that was covered up early in its existence, as well as at least one window that was bricked up at the time the adjacent building was constructed. The rear of the building drops down to three stories with several utility penthouses situated on the flat roof. The South wall has a painted sign at the top at the front of the building. A single vertical flagpole is located at the center of the roof toward the front of the building.

The front storefront has been reworked numerous times and has been removed for the most part and it is presently boarded up at the street level.

Most of the interior features have been removed through various remodels and the interior is presently gutted, but there are still some terrazzo floors remaining at the ground level as well as parts of a tile-covered wall on the South face, where a soda fountain was installed at the time of construction. Original non-bearing interior walls were constructed of hollow clay tile, some of which remains at the perimeter.

F. & W. Grand Silver Store Building

537-41 S. Broadway

Significance Statement

Built in 1931, this 6-story Art Deco building was designed by the architectural partnership of Albert R. Walker and Percy A. Eisen, one of the talented and prolific building design firms in Los Angeles during the 1920s and 1930s. The partnership was established in 1919 and one of its first projects was a remodel of the home of banker James N. Irving, now known as the Heerman Estate (HCM 943). The firm did not continue with residential work, but went into an almost exclusive practice designing large buildings in urban settings.

The partnership created such iconic buildings as the “Taft Building” (HCM 666) at Hollywood and Vine, in 1923, “The Signal Oil” or “Haventrite” Building, also known as the “Fine Arts Building” (HCM 125), at 7th and Hope in 1924, the Hollywood Plaza Hotel (HCM 665) in 1924, the “Edwards and Wildey Building” (HCM 786), in 1925, the Normandie Hotel at 6th Street and Normandie Avenue (HCM 1013), in 1926, the "James Oviatt Building" (HCM 195) in 1927, and the “Texaco/United Artists Theatre Building” (HCM 523), on Broadway in 1927. The "Beverly Wilshire Hotel" (Beverly Hills Landmark No. 18) was completed in 1928. The F. and W. Silver Store Building is notable as one of the firms later Art Deco designs, with the heavy use of decorative metal in the full facade, which was a departure from the firms earlier designs, which relied more on the use of decorative concrete and metal trim.

The F. & W. Grand Silver Store, one of several national chains of “five and dime” stores was the first of several major retail stores to occupy the building which was constructed for the R. A. Rowan & Company which was a real estate firm, founded by Robert Arnold Rowan, at the age of thirty, in 1904. Rowan was apparently the first Los Angeles developer to exploit the potential of a financial practice previously unused in Southern California. The ingenious technique involved establishing a separate corporation for each new building venture, then transferring the construction site to the corporate entity, in exchange for the capital stock. The company then sold long-term mortgage bonds to pay for the construction of the building.

When Robert A. Rowan unexpectedly died just thirteen years later, his company was one of Los Angeles, largest enterprises, having developed much of the city's downtown business center and raised half a dozen skyscrapers. R. A. Rowan & Co. built the grand Alexandria Hotel (HCM 80), the Los Angeles Athletic Club

(HCM 69), the Rosslyn Hotel and a number of other historic Spring Street buildings. Rowan also initiated a unique residential development and called it Windsor Square.

The "Square" ran from Wilshire Blvd. to Third Street, and from Irving Blvd. to Plymouth Blvd. This constituted a private square in which the property owners would own the streets as well as their homes. Deed restrictions set a minimum cost of \$12,550. on each home to be built, in order to assure handsome homes in an exceptionally beautiful setting. At the time of its creation there were dense groves of bamboo in the area which needed to be removed before trees and gardens could be cultivated. Intervening walls or fences were discouraged so that one garden ran into another creating a park-like setting. Windsor Square was the first area in the city to have the power lines below grade, an extraordinary innovation for 1911. Today Windsor Square is one of the city's Historic Preservation Overlay Zones.

Rowan's father, George Doddridge Rowan, a Los Angeles real estate developer originally bought the subject lot in 1897 and, along with a partner, Milton Y. Kellam, built a four-story hotel and commercial building on the land. After his death in 1914, Robert Rowan and his mother, Fannie F. (Arnold) Rowan, retained their ownership. The company continued to manage the property after his death. By 1931, the property was still under the ownership of the Rowan and Kellam heirs.

The existing building, known as the Milton Hotel, after Rowan's partner, was demolished and the new six-story building was constructed for a cost of \$215,000.00 to meet the specifications of the F. & W. Grand Silver Stores. It may have been the lessee that hired the architects, as they had already designed at least one building for the retailer the previous year.

Walker and Eisen had become one of the best firms for Art Deco styling, having already used it in many of their recent designs. A creative but short-lived movement, Art Deco not only influenced the architecture of most American cities but had an impact on fashion, art, and furniture, as well. From 1925 to 1940, Americans embraced Art Deco as a refreshing change from the eclectic and revivalist sensibilities that preceded it. The style takes its name from the Exposition Internationale des Arts Decoratifs held in Paris in 1925 as a showcase for new inspiration. The style was essentially one of applied decoration. Buildings were richly embellished with hard-edged, low-relief designs: geometric shapes, including chevrons and zigzags; and stylized floral and sunrise patterns. Shapes and decorations inspired by Native American artwork were among the archetypes of the Art Deco lexicon.

Although some buildings utilized expensive hand-crafted decoration, others made do with machine-made repetitive decorations. To keep costs down, ornamental treatment was often limited to the most visible parts of the building. Art Deco projects produced dynamic collaborations between architects, painters, sculptors, and designers—sometimes resulting in complete Art Deco environments like Old Miami Beach, Florida. In its day, some of what we now refer to as Art Deco was often called Moderne, or Art Moderne, a term used to describe the most advanced design ideas of the 1930s through to the end of World War II. Being close cousins, Art Deco and Art Moderne shared stripped-down forms. But Art Moderne had a horizontal rather than vertical emphasis, rounded rather than angular corners, and little surface ornamentation. Art Deco was first applied to public and commercial buildings in the 1920s. Although individual homes were rarely designed in the Art Deco style, architects and developers, especially in Greater Washington, DC, found that the style adapted quite well to apartment buildings. Most of these buildings are still in use, a testament to that city's richly varied architectural history. In Los Angeles, classic Art Deco is found mostly in commercial buildings, whereas the more horizontal Moderne style is often found in domestic as well as commercial architecture.

The F. & W. Grand Silver Store Building was built at the beginning of the Great Depression with marked the end of the more lavish Art Deco designs. As the Depression set in during the 1930s, the less adorned Moderne designs became more popular, including the PWA Moderne found in many government buildings. Named for the "Public Works Administration" where the government financing came from, these buildings frequently incorporated the use of specific art works in such mediums as friezes and murals.

For all its panache, Art Deco was immensely practical in execution. For projects on a tight budget, the simple box could be decorated with motifs and embellished with appendages that made a conceptually rudimentary structure appear fashionable and up to date. Visual interest could be further enhanced by stretching linear forms horizontally and vertically throughout the building. This was frequently done with bands of brick, canopies, or copings. In the subject building, this was done with a lavish use of brass in both the windows and the decorative bands on the facade.

With the exception of the first floor storefronts, which have been remodeled several times, the facade has survived intact since the original construction. A 1949 remodel used Albert Walker's new Post War architectural firm of Walker, Kalionzes and Klingerman, best known for the design of St. Sophia's Greek Orthodox Cathedral (HCM 120), which was completed in 1952.

When the store was built, the Rowan Company signed a 50 year lease with a \$72,000.00 annual rental agreement with the F. & W. Grand Silver Stores, which was almost as much as the improved property was worth in 1898, when the senior Rowan entered into his partnership with Kellam. By 1934, the building was the home of the National Dollar Store, until after World War II, when it was taken over by the Cleveland-based Richman Brothers Clothing Stores and by the 1960s, Hartman Stores, the owner of the former Zody's Discount Store chain. There were also smaller businesses that used the additional storefronts, such as shoe stores and bridal shops. Today the building is vacant awaiting a full rehabilitation and restoration project.

The R. A. Rowan Company, representing the Kellam and Rowan Estates, retained ownership of the property until July 1, 1937, when it was deeded to James Mac Murray, who passed away in 1944, leaving it to his wife, Katheryn, who put it in a trust in 1946, which was later administered by Union Bank and Trust Company until 1962, when it was deeded to Parmenter-Zokel, a local real estate partnership. They deeded it to Rudolph Martin on September 30, 1964. Martin transferred it to Western Management Corporation and Roland R. Smith on June 30, 1965. Smith signed over his interest on September 1st of the following year. It was then deeded to Elie J. "Jack" and Rachel Gindi on May 18, 1967.

Jack Gindi was real estate developer, lawyer, and an important philanthropist, known primarily as a benefactor with American Jewish University (formerly the University of Judaism), where an auditorium bears his father's name, Gindi gave to a variety of Jewish educational and service organizations around Southern California.

Gindi was born in Brooklyn's Syrian Jewish community in 1923. At the age of 12, he and his family moved to Detroit. After graduating from the University of Michigan, Gindi served more than three years in the U.S. Air Force. According to a 2004 Jewish Community Foundation profile, Gindi met Rachel Harary during one of many weekends spent at his uncle's home in Brooklyn. Following his military service, Gindi entered University of Michigan's law school and completed his degree in 1948. Gindi and Harary married soon after and moved to Los Angeles, where he began a highly successful career in business and real estate. Gindi became involved with the University of Judaism in 1963, spending more than 40 years with the institution, most of that time as a board member.

On July 15, 1973, the Los Angeles Times announced that the Hartfield Store had been sold to a private investor for \$850,000.00. That investor was actually Franelena, Incorporated, which had been set up by Ben H. Rudnick on June 4th of that year, just prior to the June 29th closing of escrow. Franelena was established

as a holding company for the building and was dissolved shortly after it was sold to Mideb Nominees, Inc. on March 12, 1996. A property management company established in Nevada in 1987, the company set up their offices on the second floor of the building (541 S. Spring Street, Unit 204), Mideb Nominees is mostly in the apartment management business. On April 17, 1996, Mideb established Begonia Development, Inc. as a subsidiary corporation and transferred the building to it on May 13th. The Hartfield Store had closed by 1986 after a bankruptcy which eventually took out all of the stores in the chain, mostly Zody's stores. After that the building was used for retail at the first level and office space.

In 2009, Begonia set out on an interior remodel to create new office space in the building. The interior was subsequently gutted to perform the remodel, but the work stalled and the building was eventually sold to the current owners on November 4, 2014 for \$7,500,000.00 and have announced plans to refurbish the currently vacant building for retail and office use, preserving and restoring the remaining historic fabric. An interesting note is that the last several owners have continued the Rowan Company's practice of setting up a separate corporation to run the building.

The building qualifies as a Los Angeles Historic Cultural Monument under two categories:

- 1) As a representation of an architectural type specimen for its Art Deco design.
- 2) As a notable design by the master architectural firm of Walker and Eisen, well known for its work in Art Deco, this building is notable for a much more prominent use of decorative metal in its design than earlier buildings by these architects.

60. Woolworth's (719 S. Broadway): 1920; 3-story reinforced concrete structure by Weeks & Day, facade altered to an Art Deco-Zig Zag Moderne style in 1941 and building next door added to it.
61. United Building (703 S. Broadway): 1920; 12-story concrete theater and office building by Weeks & Day in Spanish Renaissance styling with patterned brick and terra cotta ornamentation including Moorish windows and a rounded building corner.
62. Bullock's (641 S. Broadway): 1906; 7-story brick structure by Parkinson & Bergstrom with terra cotta facade details including a heavy cornice; has several additions and the interior has been completely remodeled.
63. Bullocks-Hollenbeck (639 S. Broadway): 1912; 10-story brick and concrete structure by Morgan & Walls with a brick and terra cotta facade that is almost identical to Bullocks next door.
68. Mailing's (617-19 S. Broadway): 1930; 2-story concrete structure in French Renaissance design by S. Charles Lee that was the southern flank of the Los Angeles Theater next door; alterations to street level.
69. Los Angeles Theater (615 S. Broadway): 2-story theater of concrete and terra cotta in French Renaissance design by S. Charles Lee; features fluted columns with urns, eagles, etc.; has a new marquee.
72. Norton Building (601-5 S. Broadway): 1906; 6-story brick and concrete office building; the facade was completely altered in 1940 with new design but the structure blends very well with the district and is not out of the time period.
73. Wood Brothers Building (315 W. 6th Street): c. 1922; 3-story concrete and brick structure with terra cotta decoration which blends very well with the district.
74. Sweldom Building (NW 6th and Broadway): 1920; 3-story retail building in Italian Renaissance design by Pierpont and Walter S. Davis, reinforced concrete with glazed terra cotta facade; cast iron roof trim removed.
75. Metropolitan Annex (553 S. Broadway): c. 1923; 6-story concrete and brick structure with terra cotta details; alterations to the street-level frontage.
77. Hartfields (537 S. Broadway): 1931; 6-story reinforced concrete and brick structure in Art Deco styling; very little alteration.
79. Reed's (533 S. Broadway): 1931; 2-story reinforced concrete structure features a "marble" facade with reliefs; little apparent alteration.

Walker & Eisen

Albert R. Walker and Percy A. Eisen were both native Californians, born in the 1880s. Their partnership began in 1919 and lasted until 1941. A prolific firm, Walker and Eisen designed such notable buildings as the Fine Arts Building (1927) and the Oviatt Building (1925).

Albert R. Walker, Architect (1881-1958)

By Charles J. Fisher

A native California, Albert Raymond Walker was born on April 5, 1881 as the first child of Albert and Elizabeth (Stephens) Walker, in Sonoma, where his Norwegian-born father worked as a carpenter. After the death of his father and a younger sibling, he and his mother relocated to San Diego and lived with her two widowed sisters.

After graduating from high school, the 19-year old Walker found work as a draftsman in a local San Diego architectural office, until 1902, when he went to Rhode Island to attend Brown University. After graduation, he returned to San Diego and worked for the firm of William S. Hebbard and Irving J. Gill.

After a year, he left San Diego and went to work for John Parkinson and Edwin Bergstrum in Los Angeles. He went on to work for Alfred F. Rosenhiem and then the firm of Myron Hunt and Elmer Grey.

In 1909, the year he married 22-year old Jessie R. Morgan, he established his own architectural practice and formed a partnership with John T. Vawter the following year. The firm was to specialize in domestic and ecclesiastical architecture until Vawter left to enter the US Army in 1917. His marriage was to produce one daughter, who was born in 1918.

One of their early commissions was the “Church of the Redeemer”, a Presbyterian church at 36th Street and Vermont Avenue. The Craftsman Tudor structure clearly shows the influence of Walker’s association with Irving Gill in its modernistic bell tower.

The firm’s most visible commission was for the 1915 design of the Bible Institute of America building that was to become better known as “The Church of the Open Door” (HCM 323-Demolished) on Hope Street.

In 1919, Walker formed a partnership with Percy A. Eisen, another California born architect and the son of Los Angeles architect, Theodore Eisen.

One of the very first commissions that the new firm took on was the remodeling of a house for banker James N. Irving. This remodel, however, was not indicative of the direction that the new firm would take. The firm also designed several public schools during its early years.

As the 1920s unfolded, a Post War building boom hit Los Angeles that called not only for housing, but for a substantial increase in commercial buildings as well. It was in this latter area that the firm of Walker and Eisen was to specialize, initially with small one-story commercial structures include several auto garage buildings in 1919. The firm utilized the Mission Revival style in a new post office for San Gabriel in 1922.

Within a short time, the firm began designing much more substantial structures, such as the “Taft Building” (HCM 666) at Hollywood and Vine, in 1923, “The Signal Oil” or “Haventrite” Building, also known as the “Fine Arts Building” (HCM 125), at 7th and Hope in 1924, the “Edwards and Wildey Building” (HCM 786), The “Texaco/United Artists Theatre Building” (HCM 523), on Broadway in 1927. The Beverly Wilshire Hotel was designed in 1926. The Art Deco home of the F & W Grand Silver Store on Broadway was designed in 1931.

Many of the commercial designs outside of Central Los Angeles tended to incorporate the Spanish Colonial Revival motif, such as “El Mirador Hotel” in Palm Springs.

By 1924, the firm had outgrown its office quarters. As part of the design of the “Great Republic Life Building, the firm configured the 7th floor to be their new offices.

Walker and Eisen employed over 50 draftsmen, including some who were to later establish themselves as top architects in their own right, such as Carl Jules Weyl, who along with Haldane Douglas and Rube Ransford, had received his training from the Ecole des Beaux Arts in Paris. Weyl was to later design the Brown Derby restaurants for Cecil B. De Mille. Weyl worked most closely with Walker during this period.

It was Walker, who was the principal designer in the firm and he was more hands on with the various projects then was Eisen, who was the one who used his extensive social contacts to get the firm’s many clients.

The “Havenhurst Apartments” at Whitley and Franklin Avenues in Hollywood were the first “Own Your Own” (predecessor to the condominium) apartment project in the area. Other apartment project included the “Gaylord” and the “Ardmore” in the Wilshire District.

The partnership managed to stay ahead of the various styles as the progressed from Beaux Arts to Gothic Revival to Art Deco, using terra cotta liberally in the buildings of the 20s. After the stock market crash and subsequent real estate readjustment, the trends of Modernism began to dictate the designs that the firm produced. The “Sunkist Building” at 5th and Flower (Demolished) was built in 1936 and shows the great influence of the use of concrete as a design element, rather than the terra cotta covered designs of the previous decades.

The company weathered the Great Depression, but as the early 1940s brought the country to the verge of World War II, the partnership was terminated in 1941. The firm had designed 293 major office, industrial and apartment buildings as well as numerous school, theater and municipal buildings during its 22 years of existence.

Walker soon formed a new partner ship with his former designer Gus W. Kalionzes and Charles A. Klingerman. The firm specialized in the design of hospitals, but one exception was the last major project that Walker took the design lead on, “St. Sophia’s Greek Orthodox Cathedral” (HCM 120). Walker began the design work in 1949 and the firm continued revisions until the great Byzantine structure was completed in 1952.

Albert R. Walker retired in 1954 and passed away at his Westwood home on September 17, 1958. In a period of over 50 years, Walker, with his various associates, had designed over 350 major buildings that helped to create the skyline of Southern California.

Percy A Eisen, Architect (1885-1946)

By Charles J. Fisher

Percy Augustus Eisen was a third generation architect in born on December 17, 1885 to Theodore A. and Annie (Bennett) Eisen, in San Francisco. His paternal grandfather, Augustus F. Eisen, immigrated from Sweden and initially practiced architecture in Cincinnati, Ohio, where Theodore was born in 1852. After a period in St. Louis, the family relocated to San Francisco in 1854.

Theodore, at the time, worked for the firm of Curlett and Cuthbertson, which sent him to Los Angeles to supervise the construction of the new County Courthouse. Percy's younger brother, Edward, was born in Los Angeles in August of 1890. Theodore soon set up his own practice and remained in Los Angeles.

Percy apprenticed with his father and then they set up a new firm, known as Eisen and Son in 1907. The firm specialized in custom homes, designing houses throughout the Southern California area. Their best-known design was one commissioned in 1917 by the Hispanic Society for "Casa de Adobe" (HCM 495), in Highland Park. This hand made structure was intended as a museum representing the early Mexican Hacienda in the Old California.

In 1913, Percy married 19-year old Ruth Fairbanks Pierce in a wedding that was announced boldly in the society pages of the Los Angeles Times. Their marriage was to produce two boys and two girls. Eisen was very well connected among those in Los Angeles society. Besides his active membership in the American Institute of Architects and the Society of American Engineers, he was also active in his Masonic Lodge, the Elks and was to serve as President of the Native Sons of the Golden West. He was also active in civic affairs. These connections were to prove a valuable asset in the years to come.

In 1919, Percy Eisen formed a partnership with fellow California native, Albert R. Walker. This business venture was to prove quite successful. Initially though, it gave him a chance to prove himself without the influence

of his Father. By the time Theodore Eisen died in 1924, his son had become recognized as one of the most distinguished architects in Los Angeles.

One of the very first commissions that Walker and Eisen took on was the remodeling of a house for banker James N. Irving. This remodel, however, was not indicative of the direction that the new firm would take. The firm also designed several public schools during its early years.

As the 1920s unfolded, a Post War building boom hit Los Angeles that called not only for housing, but for a substantial increase in commercial buildings as well. It was in this latter area that the firm of Walker and Eisen was to specialize, initially with small one-story commercial structures include several auto garage buildings in 1919. The firm utilized the Mission Revival style in a new post office for San Gabriel in 1922.

Within a short time, the firm began designing much more substantial structures, such as the “Taft Building” (HCM 666) at Hollywood and Vine, in 1923, “The Signal Oil” or “Haventrite” Building, also known as the “Fine Arts Building” (HCM 125), at 7th and Hope in 1924, the “Edwards and Wildey Building” (HCM 786), The “Texaco/United Artists Theatre Building” (HCM 523), on Broadway in 1927. The Beverly Wilshire Hotel was designed in 1926.

Many of the commercial designs outside of Central Los Angeles tended to incorporate the Spanish Colonial Revival motif, such as “El Mirador Hotel” in Palm Springs. Eisen frequently worked these out of town jobs as the supervising architect.

By 1924, the firm had outgrown its office quarters. As part of the design of the “Great Republic Life Building, the firm configured the 7th floor to be their new offices.

Walker and Eisen employed over 50 draftsmen, including some who were to later establish themselves as top architects in their own right, such as Carl Jules Weyl, who along with Haldane Douglas and Rube Ransford, had received his training from the Ecole des Beaux Arts in Paris. Weyl was to later design the Brown Derby restaurants for Cecil B. De Mille. Weyl worked most closely with Walker during this period.

While Walker was the principal designer in the firm and was more hands on with many of the various projects then was Eisen, the latter was the one who

used his extensive social contacts to get the firm's many clients. However, Eisen did work on a number of the projects, especially the out of town commissions.

The "Havenhurst Apartments" at Whitley and Franklin Avenues in Hollywood were the first "Own Your Own" (predecessor to the condominium) apartment project in the area. Other apartment projects included the "Gaylord" and the "Ardmore" in the Wilshire District.

The partnership managed to stay ahead of the various styles as the progressed from Beaux Arts to Gothic Revival to Art Deco, using terra cotta liberally in the buildings of the 20s. After the stock market crash and subsequent real estate readjustment, the trends of Modernism began to dictate the designs that the firm produced. The "Sunkist Building" at 5th and Flower (Demolished) was built in 1936 and shows the great influence of the use of concrete as a design element, rather than the terra cotta covered designs of the previous decades.

The company weathered the Great Depression, but as the early 1940s brought the country to the verge of World War II, the partnership was terminated in 1941. The firm had designed 293 major office, industrial and apartment buildings as well as numerous school, theater and municipal buildings during its 22 years of existence.

During World War II, Eisen worked with the Army Air Corps Procurement Division. After the War, he formed a partnership with Eugene C. Hart to build homes for veterans in Inglewood and the San Fernando Valley.

This latest venture was to be short lived. On June 18, 1946, the 60-year old Eisen suffered a fatal heart attack at his office. His passing ended a family architectural legacy that went back over 100 years. The buildings that the firm of Walker and Eisen designed helped to recreate the skyline of Los Angeles and remain his greatest legacy.

ROWAN, ROBERT ARNOLD, Real Estate and Investments, Los Angeles, California, was born at Chicago, Illinois, August 27, 1876, the eldest son of George Doddridge Rowan and Fannie F. (Arnold) Rowan. He married Laura Schwarz at Los Angeles, California, February 28, 1903, and to them there have been born four children—Lorraine, Robert A., Jr., George D. and Louis S. Rowan. Mr. Rowan is descended of a family of New York State pioneers, his paternal and maternal grandfathers having been prominent in commercial affairs. His father was a merchant and real estate operator in Los Angeles and reckoned among the men who started that city to its present greatness.

Mr. Rowan was taken to California by his parents in his infancy and has lived in the southern part of the State ever since. He was educated in the public schools of Pasadena, California, where the family home was established in 1877. He gave up his studies in 1893, however, and began his business career, going to New York City. He remained in that city for several years subsequently, the first year as an employe of Ward & Huntington, exporters of hardware to South America.

In 1894 Mr. Rowan embarked in business for himself as a merchandise broker and continued in that line until 1897, when he sold out his interests in New York and returned to Los Angeles to engage in the real estate business. This has been his field ever since and his career from that time forward has been one of the most remarkable successes in the business annals of Los Angeles.

During the year 1898 Mr. Rowan was associated with William May Garland, another successful real estate operator of Los Angeles, and for some time afterwards was engaged with others, but in 1901 he went into business for himself. He was successful from the outset and in 1905, with his several brothers as partners, he organized the R. A. Rowan Company, with himself as President. As the head of this company Mr. Rowan has conducted, from the time of its formation, a campaign of real estate development which placed him among the notable business men of the Southwest.

The operations of his company have included residential tracts and business property in Los

Angeles, but more especially the latter, and in connection therewith Mr. Rowan has been the leader in an enormous amount of building in the city. In association with A. C. Billicke, he formed the Alexandria Hotel Company and built the Alexandria Hotel of Los Angeles, one of the most magnificent hostelrys on the American Continent, and he is, with Mr. Billicke, joint owner of the enterprise. The hotel, being absolutely modern in construction and beautiful in appointment, is known from one end of the country to the other and has been a factor in attracting visitors and investors to Los Angeles, all of which have aided materially in the general growth of the city. Mr. Rowan holds office as Secretary and Treasurer of the company and as such takes an active part in its management.

Several years ago Mr. Rowan and associates erected a handsome office structure known as the Security Building, next put up the Merchants' National Bank Building, followed it with the Title Insurance Building, another stately structure, and has now (1913) in course of erection a fourth, to be known as the Title Guarantee Building. All of these buildings are fireproof, of beautiful architecture, and form an important part of the business center of Los Angeles. Their combined cost

represents an investment of millions of dollars, and while Mr. Rowan is not alone in these enterprises he is generally credited with having inspired them and directed the business connected with their construction.

As his record indicates, Mr. Rowan has devoted himself largely to the improvement of business property, but he has also been active in the general real estate development of Los Angeles, and his company has opened up several important residence sections, among them Windsor Square, an exclusive and restricted district embracing two hundred acres. His property holdings are extensive and he is also a stockholder or director in various business concerns.

Mr. Rowan enjoys wide popularity with all classes in Los Angeles. He is President of the Los Angeles Athletic Club, member of the Los Angeles Realty Board, the California Club, Jonathan Club, Los Angeles Country Club, San Gabriel Valley Country Club, Pasadena Country Club, and of many commercial and civic organizations.

R. A. ROWAN

Re: 537 South Broadway, Los Angeles, California
Begonia Development Building Renovation
Historic Preservation Evaluation

Kaplan Chen Kaplan was requested to evaluate the proposed project at 537 S. Broadway to determine if the project created any potential impacts to the Broadway Theater and Commercial Historic District and if the project met the Secretary of the Interior's Standards for Rehabilitation of Historic Structures. We reviewed documents provided to us for the above project and visited the site to become familiar with the existing conditions. Based on our review, the above project meets the Secretary of the Interior's Standards for Rehabilitation of Historic Buildings and the work is compatible with the historic district.

The subject property is located at 537 through 541 South Broadway, Los Angeles, between Fifth and Sixth on the west side of Broadway, and is commonly referred to as the "537 Building.". Unlike many other buildings along Broadway, this building usually took on the name of the tenant in occupancy: F&W Grand Silver Store Building, National Dollar Store Building, Richmond Brothers Building, and Hartfields Building, as well as others. The 537 Building was designed in 1931 by well regarded local architects Walker and Eisen, who also designed the Oviatt Building, Fine Arts Building and Ambassador Hotel remodels among other notable buildings. The six story structure is a contributing building to the Broadway Theater and Commercial District listed in the National Register of Historic Places.

The proposed project is to refurbish the existing original façade including restoration of original center windows following removal of the later sign addition. The interior of the building, which is generally unadorned, will be remodeled with new interiors, including stairs and elevators. Building systems and utilities will also be new.

Telephone 310.452.7505
Facsimile 310.452.1494

Walter and Eigen designed the building using a combination of Art Deco and Zigzag Moderne styles. The front of the building is a six story tower, the full width of the site with lower buildings on either side. The rear portion of the property is only three floors high. The front façade facing Broadway is terra cotta panels with five vertical bays for windows separated by pointed full height terra cotta pilasters. The window bays extend from the second floor up to the sixth floor with alternating operable windows and metal spandrel panels. The ground floor storefronts have been completely removed with only two dividing columns left in the opening. A non-compatible marquis and blade sign were added in 1949 as part of a new store remodel and the original art deco/modern storefronts were removed. Subsequent storefronts have also been removed. The original windows for the center bay of the building, removed for the blade sign installation are still on-site, stored on an upper floor of the building.

It is the intent of the project to re-use or reconstruct the original windows in the façade above the ground floor after removing the blade sign. The project will also clean the façade and repair and rehabilitate the existing windows and metal panels. The ground floor storefront will be new and generally sub-divided to match the spacing of the building above. A center bay will provide an open stair to the high-ceiling basement floor. An opening to the left will provide a lobby back into the building. The storefronts will be generally symmetrical around the center stair and slightly recessed under the reconstructed storefront fascia. The storefront facades are neutral in design and relatively unobtrusive and would not impact the overall façade appearance.

Windows in the rear (alley and rooftop) facades are metal operable and industrial sash. Windows on the upper levels above the back roof (floors 4-6) not covered by the new stairs will be refurbished where possible. Windows at the lower floor just above the alley will be replaced. The new windows will be individual units to allow for interior subdivisions and additional structural supports. These rear facades are not visible from any other public areas in the district and will not impact the overall historic district.

Additional changes on the exterior include the new stairs located at the rear of the tower. These are new required fire exits as the original building only had one stair that itself was not a legal exit. These stairs are added to the back of the tower, rising from the third floor roof of the rear portion of the building. These stairs do not impact any of the exterior street views of the building and will not impact the historic district.

All interiors will be new. No interiors remain on the ground floor and all interior partitions and finishes were removed other than side walls and ceilings. There are no significant features or distinguishing characteristics of the interior space that relates to

Kaplan Chen Kaplan

Architects & Planners

the building. The only trace of remaining detail is the original stair rail near the rear of the building. These stairs have been severely damaged and are discontinuous up the building and are not considered a viable exit. These bits of remaining discontinuous stairs will be removed.

The proposed project will have no impact on character defining elements of the building or on the historic district. The proposed work is compatible with the historic resource and will provide rehabilitation of the front façade, the key defining building feature for both the individual resource and the district.

Sincerely,

David Kaplan,
Principal Historic Architect

Kaplan Chen Kaplan

Building History

The subject property is located at 537 through 541 South Broadway, Los Angeles, between Fifth and Sixth on the west side of Broadway, and is commonly referred to as the "537 Building." Unlike many other buildings along Broadway and elsewhere, this building, it would appear, was never officially named by its owners, but usually took on the name of the tenant in occupancy: F&W Grand Silver Store Building, National Dollar Store Building, Richmond Brothers Building, and Hartfields Building, as well as others.

The 537 Building is a contributing building to the Broadway Theater and Commercial District, which is listed in the National Register of Historic Places.

The building was designed in 1931 by well regarded local architects Walter and Eisen, who also designed the Oviatt Building, Fine Arts Building and Ambassador Hotel remodels among other notable buildings. Construction of the 537 Building commenced shortly after Walter and Eisen completed the design and applicable City of Los Angeles approvals were obtained.

The 537 Building is six stories high with all floors overlooking Broadway. Floors one through three run the full length (depth) of the building, while floors four through six, have depths of only fifty feet. Construction is of Class A steel frame construction, with concrete footings, a combination of clay brick and poured in place concrete walls, concrete decks and built-up composition roof.

The 537 Building has the following approximate dimensions:

Dimensions

Site	60 x 158	9,480
-------------	----------	-------

Improvements

Basement	Vacant	9,480
----------	--------	-------

Ground floor	Vacant	9,480
--------------	--------	-------

2nd & 3rd floors	Vacant	17,100
------------------	--------	--------

4th, 5th & 6th floors	Vacant	<u>8,700</u>
-----------------------	--------	--------------

Total Improvements Floor Area		44,760
--------------------------------------	--	--------

Exterior Features

Walter and Eisen designed the building using a combination of Art Deco and Zigzag Moderne styles. The street elevation is symmetrically massed and consists of six rows of narrow, slightly pointed terracotta columns that run from the bottom of the second floor through to the sixth floor at which point they become integrated into the terra cotta frieze running along the top of the sixth

floor windows. Within the rows of the terra cotta columns are alternating spandrel panels, with classic Art Deco reliefs, and metal frame double casement windows with narrow glass transom above. The second and third floor spandrels are terra cotta while the three upper spandrels are made from stamped cast iron. The transoms above the second floor casement windows have decorative and ornate caps, while the casement windows themselves are good examples of the sleek and economical Moderne design. The balance of the façade is surfaced with terra cotta of the same character as the columns and provides an inverted “U” shape frame for the other exterior design elements.

The original store front system, designed by Walter and Eisen, consisted of four irregularly curved show-case windows, which formed three vestibules, each of which slightly narrowed and terminated at double metal framed doors, with glass infill, that provided ingress to and egress from the retail store. The glass showcases were designed to provide lavish circular walk-around window displays and decorations. These glass show cases apparently incorporated mirror and stainless steel panels to add to the Art Deco style of the building design.

The ground floor is characterized by a horizontal marquis, which is not original, nor in character with the original 1931 Art Deco building design. This marquis is possibly a remnant of the one installed in or about 1949, as part of the Richmond Brothers store remodel. Also at that time, a tall wedge-shaped blade sign was installed in the center column bay.

The ground floor has three openings with two major columns at the center. The original storefront from the 1931 design and subsequent remodels has been completely removed and replaced with solid roll-up security gates. All glass and storefront materials were removed many years ago.

In 1979 and 1980, the 537 Building was subject to various City of Los Angeles Building and Safety and Fire Department citations. The owners were ordered to vacate the upper floors and to remove all interior flammable partitions and materials, land the elevators, remove all unsafe electrical wiring, plumbing and other building systems, and completely seal-off the upper floors so that no-one could gain entry into what was determined by the City of Los Angeles to be a life-safety hazard.

The exterior portions of the building are as follows:

1. Façade: Original and subsequent glass storefront systems have all been removed. Several spandrel panels and casement windows have been “tagged” with graffiti. The central column of windows and spandrels were obscured in 1949 when Richmond Brothers installed the blade sign. Recent site investigations indicate that much of this original fabric was not removed but simply covered over by the structural system supporting the blade sign. However, some damage has occurred to this fabric as a result of the sign being installed.

The terra cotta tile is in fair to good condition but needs cleaning. The blade sign itself was deactivated in or about 1979. All neon and electric conduit were removed and only the frame and the mounting boards remain, and these are in very poor condition and quite unsightly. Many years ago, contiguous buildings to the north and south had their upper floors demolished, leaving the northerly and southerly clay brick exposures of the 537 Building jagged and disfigured. The rear building façade consists of exposed clay brick and exterior metal windows with wire-glass panels.

2. Exterior Metal Window Frames and Glass: All window glass not covered by the blade sign is in fair to reasonable condition, except for areas that have been “tagged” with graffiti. Window frames are metal framed casement windows with transom tops. Rust has developed and most are in poor to fair working order.

3. Terra Cotta Spandrels located at second and third floors: The terra cotta spandrels are in fair to good condition, and require cleaning and minor repair. Terra cotta spandrels obscured by the blade sign may be damaged or missing and will have to be repaired or duplicated using identical or faux materials.

4. Cast Iron Spandrels located at second and third floors: The cast iron spandrels are suffering from rust and weathering. They will require cleaning, painting and minor repair. Cast iron spandrels obscured by the blade sign may be damaged or missing and will have to be repaired or duplicated using identical or faux materials.

5. Existing Signage: All tenant identification signs, which consisted of non-conforming metal sign boxes, individual letter signs, and banner signs, most of which were in extremely poor condition, have been removed.

6. Storefront: None. Glass storefront system was previously removed many years ago.

7. Marquis: There is a marquis consisting of an aluminum plastic sign, which appears to have been installed relatively recently, that projects over the Broadway sidewalk just below the second floor level. It is not clear if this marquis is a remnant of the marquis installed in or about 1949 as part of the Richmond Brothers store remodel. Contractor will be required carefully remove the existing "modern aluminum and plastic sign" canopy under architectural supervision with the intent of discovering if it is the canopy of 1949. That canopy would then be restored or repaired depending on financial feasibility.

8. Roll-down Security Gates: There are three solid metal roll-down security gates which will be replaced with security gates with “see through” grills which will be installed on the store-side of the new storefront system.

Interior Features

Basement

The floor is a concrete floor deck (without floor coverings) perimeter walls are plaster clad poured in place concrete or clay brick (from the pre-1931 building); there are no interior partitions and the ceiling consists of the underside concrete deck of the first floor level. This space was originally used as retail (probably as a “bargain basement”) and sometimes as storage and custodial rooms. Automatic fire sprinklers were installed as part of the 1931 construction.

Retail

The ground floor retail area is currently vacant, and the last tenant removed all of its fixtures, fittings and suspended ceiling system. Currently, the space consists of a concrete floor, clay brick side walls and exposed concrete ceiling. Various floor and ceiling openings have been previously filled with concrete.

Stairwell

The building has one stairwell, and no fire escape. The staircase is in poor condition. The banister and railing have largely been removed but any remaining banisters and railing will be salvaged and stored on site for possible future occupant use. Generally the staircase is a simple design, consisting of concrete steps and no decorative elements.

Floors Two and Three

Both floors, which extend the full depth of the building, are vacant and have had all interior partitions, flooring and ceilings removed, leaving only exposed concrete floor and ceiling, and exposed clay brick or plaster walls.

Floors Four through Six

Floors four through six are unoccupied. These floors, which extend approximately one third the depth of the building, are vacant. They consist of exposed concrete floors and ceilings and exposed clay brick or plaster walls, which appears to be their original 1931 condition. The existing stairwells consist of concrete steps without decoration. The existing banisters and rails will be repaired and repainted. Only the fourth floor had elevator access at one time.

Penthouse

The sixth floor stairway leads to a small mechanical room penthouse and the high building roof.

Elevator machine room

The elevator machine room, which is located on the third floor roof, consists of a concrete deck, un-reinforced masonry walls, and a lathe and plaster. No historic or decorative features exist.

Building Systems

Elevators:	None. All elevators were landed pursuant to City of Los Angeles citation; the elevator rails and shafts have been removed.
Plumbing:	Poor condition; Mostly removed but surviving portions are in bad condition and need to be replaced.
Electrical:	Poor condition, Mostly removed but that which remains is a mixture of very old and recent. Entire system needs upgrading. All upper floor wiring has been removed pursuant to City of Los Angeles vacation order.
Fire Sprinklers:	Basement only, original (1931) and in fair condition.
Gas:	Piping is old and most gas piping has been removed. Old system, and should be replaced to the extent the building's new use requires gas connections.
Telephone/Data	Old, needs upgrading.

Summary of Character Defining Features:

	Building component	Historic Character Defining Features
1.	Basement:	None
2.	Stairwell.	Stairs simple concrete steps that do not conform to code and will have to be removed. Surviving banisters and railing will be retained and stored on site for future tenant use. Stairs on 4 th , 5 th , 6 th and to roof, will be retained, cleaned and repaired as an independent stair system, separate from emergency exits required by code.
3.	Floors two through nine.	No surviving materials.
4.	Elevator Mechanical Room:	None
5.	Broadway Exterior	The combination of Art Deco and Zigzag Moderne exterior façade is the most valuable historic resource attributable to this building.
6.	Rear Exterior	Some existing metal operable and industrial sash windows survive but all are very rusty and most in very poor condition.

Impact on historic fabric

Wherever possible, original historic fabric will be saved and incorporated into the project.

The exterior façade is the most valuable historic resource attributable to this building. The metal windows will be cleaned, painted and otherwise returned to operable condition. All broken and damaged glass will be replaced. Terra cotta, including the terra cotta spandrels, will be cleaned and repaired as necessary. The cast iron spandrels will also be cleaned, repaired and repainted. Any windows facing the alley that cannot be reused or are too damaged to use shall be retained and stored on-site and offered to future tenants to utilize as part of future tenant improvements.

The remnants of the 1949 blade sign (non-original) will be removed thus revealing the original spandrels and steel framed casement windows that have been obscured for many years. Any damages or missing spandrels or windows will be repaired or duplicated using identical or faux materials.

Developer will carefully remove the existing "modern aluminum and plastic sign" canopy under architectural supervision with the intent of discovering if it is the canopy of 1949. If so, that canopy will be restored or repaired depending on financial feasibility.

WRECKING OF HOTEL UNDER WAY

*Plans and Specifications
Completed for Structure
to Rise in Place*

Wrecking of the Milton Hotel at 537 South Broadway to make way for a six-story structure to house the F. & W. Grand Silver Stores, Inc., was started last week, following completion of plans and specifications for the new building by Walker & Eisen, architects and engineers, according to word received yesterday by officials of R. A. Rowan & Co., who handled the leasing of the site to the chain store organization.

The Rowan officials revealed yesterday that the rental of \$72,000 annually to be paid for the next fifty years by the F. & W. Grand firm is almost as much as the entire valuation of the property in 1898.

In that year, Milton Y. Kellam purchased a one-half interest in the property from George D. Rowan for \$39,500, giving the property a total value of \$79,000. The site now is owned by the Kellam and Rowan estates.

Contract for construction of the F. & W. Grand building has been awarded to Bavin and Burch, general contractors, and it is planned to have the structure ready for occupancy in August. It will represent a total investment of approximately \$260,000 when completed. The building will be a Class A steel-frame construction. It will be occupied entirely by the F. & W. Grand concern.

RICHMAN BROTHERS CO.

BY JOSEPH DILL

The Richman Brothers Company was originally founded by Jewish-Bavarian immigrant Henry Richman Sr. and his brother-in-law and business partner Joseph Lehman in Portsmouth, Ohio, in 1853. In an effort to become closer to a bustling city, both to expand their operations and customer base, the two men relocated with their families and business to Cleveland, Ohio, in 1879. Originally named the Lehman-Richman Company, the operation took on the moniker the Richman Brothers Company in 1904 after both Henry Richman Sr. and Joseph Lehman had retired and transferred ownership of the company to Henry Sr.'s three sons Nathan, Charles and Henry Jr.

After having a presence in the region for nearly forty years, the Richman Brothers Company commissioned their first Cleveland factory to be built at 1600 East 55th Street after previously retrofitting their operations into several other pre-existing structures throughout the city. Designed by The Christian Schwarzenberg and Gaede Company and constructed by Hunkin-Conkey Construction Co., the building was designated the “Best Built Factory in Cleveland in 1917” by the Cleveland Chamber of Commerce. Later additions were added onto the structure in 1924 and 1927, which completed the six hundred and fifty thousand square feet of interior space still present on the site as of 2015.

The factory quickly became a landmark on the East 55th Street landscape as a result of its domineering size, both inside and out. With fifteen-foot-high ceilings, large-scale windows, and even the world's largest cutting tables at the time, measuring sixty feet long, the structure provided Richman Brothers' employees with working conditions previously unheard of in the garment industry.

Not only were Clevelanders familiar with the building, so, too, was the federal government. After entry into World War I, the federal government approached the brothers with a proposition to turn the site over to a military occupation to be used as a hospital for returning injured soldiers. After only one year of owning the building, in 1918 the Richman Brothers readily agreed to allow the government to utilize the structure as needed, making Cleveland the first city in the country to place such a building at the government's disposal without expense.

Their commitment to the war effort was just one element of the Richman Brothers' reputable business practices. As a family owned and operated company, the Richman Brothers ensured that each person under their employ felt as though they were part of a family. The first industrial organization to do so, the Richman Brothers Company offered two weeks paid vacation for all employees. Similarly, the company also instituted paid maternity leave, set a thirty-six hour work week, utilized no time clocks, and offered corporate stock options. To assist employees during times of personal distress, The Richman Brothers Foundation was created

which provided no interest loans to employees as needed. The brothers were viewed as such progressives that the federal government based many workplace regulation laws off of Richman standards.

The Richman Brothers also tirelessly fought to keep the unions out of their company. Pressures mounted around the middle of the twentieth century, which resulted in the company releasing a statement saying, “The union plan . . . has been one to crush our business. We think this is wrong . . . to put this kind of pressure on our family.” Confident in their business practices, the Richman Brothers believed the union to be unnecessary and felt it would restrict the benefits they were able to offer their employees.

While the name of the company implies that all three brothers were equally in control of the company, it is Nathan Richman who is credited with maintaining the company’s standards and growing the business into one of the largest men’s clothing retailers in the country. At the time of his death in 1941, two thousand employees gathered at the open-casket services to bid farewell to the last surviving Richman brother.

After Nathan’s death the company remained under the ownership of one of his nephews, who continued to successfully grow and expand the business. In 1969, the Richman Brothers merged with F. W. Woolworth Company, who kept the Richman brand viable for another three decades. As the industry changed sharply in the late 1980s, the bloated conglomerate Woolworth began to shutter some of its subsidiaries. In 1990, the Richman Brothers Company was deemed financially unstable and was completely liquidated by 1992. Since that time, the structure on East 55th Street has remained vacant with many unsuccessful reuse projects proposed to redevelop the site.

This advertisement for the Richman Brothers Company shows the company's iconic building on East 55th Street, as well as the original Portsmouth, Ohio, location of the operation and its first home in Cleveland. | Source: Cleveland Memory Project, Cleveland State University Library Special Collections

Uncommon for the American garment industry of the early twentieth century was the open-air, welcoming interior accommodations of the Richman Brothers factory. Compared to the dank, dirty and unsafe working conditions present in most sweatshops in places like New York City, the Richman Brothers Company was a pioneer in its treatment of employees. | Source: Cleveland Memory Project, Cleveland State University Library Special Collections

This photo shows founding President Joseph Lehman greeting employees on their way to work. The owners of the Richman Brothers Company were recognized for the fact that they knew each of their two thousand employees by name. Founded by family members, executives at the Richman Brothers Company wanted to ensure that they cultivated a family-like atmosphere amongst its employees. | Source: Cleveland Memory Project, Cleveland State University Library Special Collections

Richman Bros. to Launch Newest Store Next Friday

National Chain's 66th Unit Uses Broadway Site

Formal opening of Richman Bros.' 66th store for men—in a completely remodeled and modernized six-story building at 537 S Broadway—will take place next Friday with appropriate ceremonies.

This newest link in the Richman Bros. chain of men's clothing and furnishings stores is the third in the Los Angeles area. The others are in Crenshaw and Glendale. Two more are planned for later dates. One will be at Huntington Park and the other in Santa Monica.

According to the company president, George H. Richman, who is flying here from Cleveland, O. for the opening, Richman prices will be the same here as elsewhere in the nation.

Shipping Costs More

"True," he said, "it costs more to ship things from the East to this city, but that is our problem, not our customers', and we are not going to pass the added cost on to the public. Besides, our prices always have been the same everywhere, and we cannot ask people of Los Angeles to pay more for our clothes than the people of Cleveland, Chicago, Boston or any of the other cities in which we have stores."

Total floor space in the new store devoted to sales, tailoring, shipping and storage amounts to more than 55,000 square feet. Color scheme throughout the store is sea-foam green, deep bottle green, gray and swallow yellow. Floor covering is of rubber tile, in smart shades of ivory, mahogany and gray.

Sales Use Two Floors

The entire first and second floors—more than 17,000 square feet of space—will be devoted entirely to sales. On these two floors will be complete departments for men's suits, sportswear, furnishings and hats. The third floor of the building will be used for tailoring, a layaway department and cashier's office. Fourth, fifth and sixth floors will be used for stock, shipping and general storage purposes. The latest and most modern air-line lighting will be used throughout the store. The front of the store at street level will be completely of glass—providing a full vista-type front.

The front of the store is of simple, streamlined architectural design. A 60-foot, stainless steel canopy with concealed neon lighting runs across the front of the building. Porcelain enamel neon-illuminated letters are on the front and side perimeter of the canopy.

Founded in 1879

The deck of the canopy contains floodlights to illuminate the upper portion of the building. In addition, a porcelain enamel neon-illuminated sign runs the full height of the building.

Window lighting is of the most modern type, employing full use of fluorescent and incandescent lighting—but with the actual light source concealed by means of spaced vertical fins. These lighting units contain swivel-type incandescent spot units for special display lighting.

The opening of the big downtown store is the climactic event of Richman's 71 years of growth, beginning with a humble tailoring shop in Cleveland, O. in 1879. Today, the Richman Bros. Co. operates a modern 17-acre clothes-making plant in Cleveland, employing 2500 workers, known from coast to coast as the "Richman family," and 66 stores giving employment to an additional 1000 men and women in 55 cities across the nation, from Boston to Los Angeles.

The company was founded by the three Richman brothers, Nathan, Charles and Henry. The "Richman Family" is what Richman employees have been calling themselves since the organization was founded. The Richman family is a unique American institution which has demonstrated that the spirit and intimacy of family life can be successfully projected into modern industry.

As an example of the close personal relationship that exists between the highest officials of the company and the humblest member of the family, it is an old Richman custom for the president or some other executive of the company to greet the workers when they arrive in the morning and bid them "good night" when they leave in the evening.

In 1910, before anyone dreamed of vacations with pay for factory production workers,

OPENING PLANNED—Here is a view of Richman Bros.' 66th store for men, to open Friday at 537 S Broadway.

PLANS VISIT—George H. Richman, Richman Bros. president, who will fly here.

the Richmans gave their employees 10-day paid summer vacations, a pioneering move in employee relations. Today, every worker receives a paid two-week summer vacation and a paid week's vacation at Christmas time.

Equality First

This feeling of equality, where all receive the same consideration, has always been a part of the Richman organization. "There is no class distinction in our daily relations," says Richman, "and that's not a pose but a fact, because if a button falls off a suit, the whole suit is no good."

Everyone eats in the same cafeteria, where Frank C. Lewman, chairman of the board, and other executives mingle with cutters, pressers, sewers, hatters, spongers and stock boys. Similarly, each member of the family feels perfectly free to enter the chairman's office for any reason. A typical day for Lewman in-

cludes three to five visits from employees. In addition to discussing the best house to buy, family difficulties, the purchase of a new car, or the bowling team, Lewman and other executives act as impartial judges in any questions that may come up between workers or between worker and foreman.

At Richman's there is no time clock. When more than three or four workers are late, it is unusual. Each worker keeps his own work record, and decides for himself how much he will do.

Benefits Provided

Richman Bros. workers are protected with free life insurance policies up to \$10,000, with free health insurance, free hospitalization, sick benefits up to \$10 a week, medical and surgical expense insurance and free accident and dismemberment insurance. All premiums are paid by the company.

Five stock distributions, all at substantially less than market prices, have been made to workers, enabling many employees to become substantial share owners in the company. And at the end of each year, when business is satisfactory, there is a generous cash bonus for the workers to share.

In the Cleveland plant, under one roof, all manufacturing processes are completed, from shrinking of cloth to putting the last touches on the suits, trousers, topcoats and sportswear which are then distributed to Richman's stores throughout the country.

Names to Be Changed

The City Council ordered an ordinance drawn changing the name of Wilmington-San Pedro Road between Battery St. and Pacific Ave. to Pacific Ave. and changing the name of Wilmington-San Pedro Road and a portion of Harbor Blvd. between Pacific Ave. and Front St. to Front St.

75 YEARS OLD—Their company, Richman Bros. Co., that is. Helping to make with the birthday cake are these managers of local area stores, from left: Harold

Bielfield, Crenshaw; Darrold Hall, Glendale; Arthur Yaffey, Santa Monica; Eldon Timberman, Huntington Park, and (in front) Louis Appel, downtown.

Times photo

Richman Bros. Mark 75 Years as Clothiers

Seventy-five years of men's clothing manufacture and sales last night were feted in a dinner at the Richman Bros. Co., 537 S Broadway.

Store employees and managers from five Los Angeles area stores, together with advertising men, assembled on the store's second floor to eat, celebrate and to hear a message from George C. Richman, president of the company and grandson of the company founder.

83 Plants in 58 Cities

Richman spoke on a telephone conference line—hailed by store officials as the largest ever conducted in the clothing industry. Richman spoke

from Cleveland, O. The company was founded in Ohio in 1879.

The company now numbers 83 plants in 58 American cities from Boston to Los Angeles.

Louis Appel, manager of the downtown store, was host.

Prominent among decorations at the buffet-style supper were placards pointing to

clothing progress since the men's apparel firm was established in 1879. The styles ranged from the creaseless style of that year through the pencil-thin models of 1919 and the pseudo-casual styles of 1939 to today's single-breasted fashions.

The company has five outlets in the Los Angeles area.

Minor Theft Suspect Spends Year in Jail

MEXICO CITY, Oct. 14 (AP) Jose Hernandez said today he would like to be tried soon on a charge of stealing 35 cents worth of pottery. Hernandez has been in jail awaiting trial for a year. The charge carries a maximum sentence of six months.

Building Permit History

537-541 S. Broadway

Downtown Los Angeles

- January 31, 1931: Building Permit No. 2102 to demolish and remove material of a 3-story brick, 60' X 120' store and hotel building at 537-541 S. Broadway on the North ½ of Lot 2, Block 14 of Ord's Survey.
Owner: Moy Wrecking Company
Architect: None
Contractor: Moy Wrecking Company
Cost: \$600.00
- February 9, 1931: Building Permit No. 2575 to construct a 6-story concrete and brick, 59' X 158' store building with concrete and clay tile interior at 537-541 S. Broadway on a Portion of Lot 2, Block 14 of Ord's Survey. Amount of cement to be used in Re-concrete + 5,200 barrels. Amount of reinforcing steel + 125 tons.
Owner: F & W Grand Silver Stores, Inc.
Architect: Walker & Eisen
Contractor: None (Bavin and Burch per Los Angeles Times)
Cost: \$215,000.00
- February 9, 1931: Building Permit No. 2576 for underpinning North, South, East and West walls of building to accommodate deeper basement and to create one basement from 533-537 South Broadway, inclusive. 100 barrels of cement, 5 tons reinforcing steel.
Owner: R. A. Rowan
Architect: Walker & Eisen
Contractor: None (Bavin and Burch per Los Angeles Times)
Cost: \$10,000.00
- March 10, 1931: Building Permit No. 4836 for installing steel front, store fixtures 1st floor, installing partitions 2nd floor of T&G ceiling 6' 10" high with 4' 0" open above. Refer to Permit # 28086.
Owner: Lerner Stores
Architect: None
Contractor: Eser Wikholm
Cost: \$6,000.00

- July 6, 1931: Building Permit No. 13496 to replace end joist member with new ones. Electric weld in place. This effects 5 trusses about 3 members each truss. 1st floor joints. For 533 S. Broadway.
Owner: Lahner Stores, Inc.
Architect: Walker & Eisen
Contractor: Bavin & Burch Co.
Cost: \$100.00
- July 28, 1931: Building Permit No. 15040 to put tile floors in vestibules, tile floor and base in (3) toilets, tile floor in (1) large toilet, tile walls in back of soda fountain and floors for same, tile walls in basement including walls and columns.
Owner: F. & W. Grand-Silver Stores, Inc.
Architect: Walker & Eisen
Contractor: Charles E. Clifford Co.
Cost: Not Shown
- August 6, 1931: Building Permit No. 15766 to install 1 lateral roller awning complete.
Owner: F. & W. Grand-Silver Stores
Architect: None
Contractor: A. Hoegge & Sons, Inc.
Cost: \$140.00
- September 4, 1934: Building Permit No. 11190 to take out show window and build fence on side walk. No structural changes.
Owner: National \$ Stores
Architect: B. J. Joseph
Engineer: None
Contractor: National \$ Stores
Cost: \$475.00
- September 11, 1934: Building Permit No. 11610 to build new show windows (except those which block basement stairs) and remove non-bearing partitions in basement. No structural changes.
Owner: National \$ Stores
Architect: B. J. Joseph
Engineer: S. B. Barnes
Contractor: Superintendant Frank Eyre
Cost: \$7,500.00

- September 17, 1934: Building Permit No. 11972 to change store window, change mezz floor, two new elevators. Change stair to basement, remove some tile wall plaster ceiling on second floor also change stair to second floor, change some electric wiring. Quantities roofing steel = 4 tons, sacks of cement = 350.
Owner: National \$ Stores
Architect: B. J. Joseph
Engineer:
Contractor: Owner
Cost: \$20,750.00
- October 24, 1934: Building Permit No. 14332 to recover awning - Roller lat amis-frame 8' above sidewalk Valance 7' above sidewalk. Awning frame removed to allow building alterations. Same frame replaced which are covered with 18' sheets instead of 16'. Considered a recover job.
Owner: National Dollar Store
Architect: None
Engineer: None
Contractor: Sun Ray Awning Co.
Cost: \$98.00
- November 23, 1934: Building Permit No. 16123 for a sign.
Owner: National Dollar Store
Architect: None
Engineer: None
Contractor: Artistic Neon Sign Company
Cost: \$500.00
- September 23, 1935: Building Permit No. 16868 change store front, take out two stand windows change door locations. No structural changes.
Owner: National Dollar Store
Architect: None
Engineer: None
Contractor: Sun Ray Awning Co.
Cost: \$98.00
- July 5, 1939: Building Permit No. 26545 to recover one roller awning, on existing frame #12
Owner: National Dollar Store
Architect: None
Engineer: None
Contractor: A. Hoegge
Cost: \$45.00

- March 20, 1946: Building Permit No. 7749 for installation of one double faced vertical display reading "Shelldom". Total square foot area of sign is 350. See attached diagram.
Owner: Shelldom's, Inc.
Architect: None
Engineer: None
Contractor: Electrical Product's Corp.
Cost: \$1,050.00
- January 17, 1947: Building Permit No. 14332 to repair rear low portion of roof.
Owner: National Dollar Stores
Architect: None
Engineer: None
Contractor: Economy Roof & Insulation Co.
Cost: \$108.00
- November 22, 1948: Building Permit No. 28231 to alter existing entrance, new canopy, remove existing interior stairs - Install new stairs and plumbing - Divide basement - New store fixtures - Add lightings - Add to existing heating & ventilating, electric sign
Owner: Richmond Bros.
Architect: A. C. Martin & Assoc.
Engineer: None
Contractor: None
Cost: \$65,000.00
- December 27, 1949: Building Permit No. LA30222 to erect 2 single face projecting signs of existing building.
Owner: Richman Bros.
Architect: Albert C. Martin
Engineer: None
Contractor: QRS Neon Corp.
Cost: \$2,500.00
- July 20, 1950: Building Permit No. LA18933 for exploratory work on parapets prior to completion of plans.
Owner: Kathryn MacMurray
Architect: Walker, Kalionzes and Klingerman
Engineer: None
Contractor: Sun Ray Awning Co.
Cost: \$100.00

- October 3, 1950: Building Permit No. LA22290 to strengthen parapets along West wall & East wall.
Owner: Kathryn MacMurray
Architect: Walker, Kalionzes and Klingerman
Engineer: Henry M. Lavne
Contractor: None
Cost: \$1,100.00
- July 20, 1950: Building Permit No. LA18933 for exploratory work on parapets prior to completion of plans.
Owner: Kathryn MacMurray
Architect: Walker, Kalionzes and Klingerman
Engineer: None
Contractor: Sun Ray Awning Co.
Cost: \$100.00
- December 31, 1958: Building Permit No. LA19266 to demolish existing store front & interior non-bearing partitions & wall finish. No structural changes.
Owner: Grayson-Robinson Stores, Inc.
Architect: None
Engineer: None
Contractor: H. Kaplan Co., Inc.
Cost: \$500.00
- January 13, 1959: Building Permit No. LA22001 for new front and new stairs.
Owner: Grayson-Robinson Stores
Architect: Owner
Engineer: Morris Goldsmith
Contractor: H. Kaplan
Cost: \$35,000.00
- March 14, 1959: Building Permit No. LA26707 for new wall sign. 5'10" X 50' illuminated.
Owner: Grayson's Department Store
Architect: None
Engineer: Richard N. Jasper
Contractor: Advance Neon Sign Co.
Cost: \$3,200.00

March 16, 1959: Building Permit No. LA26708 for 2 - S/F signs of 9 sq. ft. and 78 sq. ft. 1 2x5 D/F.
Owner: Graysons
Architect: None
Engineer: None
Contractor: Advance Neon Sign Co.
Cost: \$550.00

December 30, 1964: Building Permit No. LA80519 for interior remodel.
Owner: Hartfield Dept. Store
Architect: None
Engineer: None
Contractor: Interior Specialties
Cost: \$5,200.00

June 24, 1969: Building Permit No. LA90646 for a 3' X 20' steel and plastic illuminated wall sign. (Permit stamped "EXPIRED")
Owner: Hartfields
Architect: None
Engineer: B. L. Prenovien
Contractor: Ideal Neon
Cost: \$500.00

January 6, 1978: Building Permit No. LA57006 to install non-bearing partitions, const. new store front, install 2' X 4' lay-in ceiling.
Owner: Hartfield Zody's Inc.
Architect: None
Engineer: None
Contractor: Not Selected
Cost: \$100,000.00

April 5, 1978: Building Permit No. LA61001 set letters & two D/F signs.
Owner: Kathryn MacMurray
Architect: None
Engineer: None
Contractor: Brite Lite
Cost: \$3,300.00

- October 27, 1980: Building Permit No. LA12723 to comply with fire safety ord. dated Feb. 8, 1979 & board file No. 802378.
Owner: Hartfield-Zody's Inc.
Architect: Mr. Hart
Engineer: None
Contractor: William Christian
Cost: \$9,000.00
- January 11, 1988: Building Permit No. LA85950 for 2 single face metal and Plexiglas wall signs, 2' X 16' & 1' X 12'.
Owner: Christina's
Architect: None
Engineer: None
Contractor: Local Neon
Cost: \$1,364.00
- March 3, 1988: Building Permit No. LA93293 to reroof Class A built up.
Owner: Petrie Stores Corp.
Architect: None
Engineer: None
Contractor: Brothers Construction
Cost: \$19,000.00
- December 19, 1997: Building Permit No. LA70857 to install individual letters wall sign RT for Bob Quan. (Stamped PERMIT EXPIRED)
Owner: Begonia Development, Inc.
Architect: None
Engineer: None
Contractor: Lorenzo Villaseñor Martinez
Cost: \$7,500.00

CITY OF LOS ANGELES DEPARTMENT OF BUILDING AND SAFETY BUILDING DIVISION

Application to Alter, Repair, Move or Demolish

To the Board of Building and Safety Commissioners of the City of Los Angeles:

Application is hereby made to the Board of Building and Safety Commissioners of the City of Los Angeles, through the office of the Superintendent of Building, for a building permit in accordance with the description and for the purpose hereinafter set forth. This application is made subject to the following conditions, which are hereby agreed to by the undersigned applicant and which shall be deemed conditions entering into the exercise of the permit:

First: That the permit does not grant any right or privilege to erect any building or other structure therein described, or any portion thereof, upon any street, alley, or other public place or portion thereof.

Second: That the permit does not grant any right or privilege to use any building or other structure therein described, or any portion thereof, for any purpose that is, or may hereafter be prohibited by ordinance of the City of Los Angeles.

Third: That the granting of the permit does not affect or prejudice any claim of title to, or right of possession in, the property described in such permit.

CITY OF LOS ANGELES DEPARTMENT OF BUILDING AND SAFETY BUILDING DIVISION

Application to Alter, Repair, Move or Demolish

To the Board of Building and Safety Commissioners of the City of Los Angeles: Application is hereby made to the Board of Building and Safety Commissioners of the City of Los Angeles through the office of the Supervisor of Buildings for a building permit in accordance with the description and for the purpose hereinafter set forth. This application is made subject to the following conditions, which are hereby agreed to by the undersigned applicant and which shall be deemed a part of the contract of the permit: First: That the permit does not grant any right or privilege to erect any building or other structure therein described, or any portion thereof, upon any street, alley or other public place or portion thereof. Second: That the permit does not grant any right or privilege to use any building or other structure therein described, or any portion thereof, for any purpose that is or may hereafter be prohibited by ordinance of the City of Los Angeles. Third: That the granting of the permit does not affect or prejudice any claim of title in, or right of possession in, the property described in such permit.

WORKMAN'S COMPENSATION CERTIFICATION

1. I certify that in the performance of the work for which this certificate is issued, the employee named herein is covered by a valid and enforceable workmen's compensation policy.

2. I certify that the following information is true and correct:

a) The employee named herein is an employee of the contractor named herein.

b) The employee named herein is engaged in the performance of the work for which this certificate is issued.

c) The contractor named herein is licensed to perform the work for which this certificate is issued.

INSTRUCTIONS: 1. Applicant to Complete Numbered Items Only.

Form with fields for LOT, BLOCK, TRACT, COUNCIL DISTRICT NO., LEGAL DESCR., PRESENT USE OF BUILDING, JOB ADDRESS, BETWEEN CROSS STREETS, OWNER'S NAME, OWNER'S ADDRESS, ENGINEER, ARCHITECT OR DESIGNER, CONTRACTOR, SIZE OF EXISTING BLDG., CONST. MATERIAL, NEW WORK, TYPE, GROUP OCC., DWELL UNITS, GUEST ROOMS, SPRINKLERS, etc.

DECLARATIONS AND CERTIFICATIONS

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under the provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect. Date 10-27-80 Lic. Class B-1 Lic. No. 295687 Contractor Wm. Christian Co

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).)

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

I am exempt under Sec. B. & P. Code for this reason. Date Oct. 10, 1980 Owner Alan A. Holubec Vice Pres

WORKERS' COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Worker's Compensation Insurance, or a certified copy thereof (Sec. 3800, Lab. C.). Policy No. 26-88-118 Company ZURICH INSURANCE COMPANIES

Certified copy is hereby furnished. Certified copy is filed with the Los Angeles City Dept. of Building and Safety. Date 10/24/80 Applicant Christian's Vice-Pres

Applicant's Mailing Address 107 W. Valencia Ave Burbank

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

Date NA Applicant

NOTICE TO APPLICANT: If, after making this Certificate of Exemption, you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.).

Lender's Name NA Lender's Address

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

I realize that this permit is an application for inspection, that it does not approve or authorize the work specified herein, that it does not authorize or permit any violation or failure to comply with any applicable law, that neither the city of Los Angeles nor any board, department, officer or employee thereof make any warranty or shall be responsible for the performance or results of any work described herein or the condition of the property or soil upon which such work is performed. (See Sec. 91.020 LAMC)

DECLARATIONS AND CERTIFICATIONS

LICENSED CONTRACTORS DECLARATION

16. I hereby affirm that I am licensed under the provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

Date 2-27 Lic. Class 5 Lic. Number 42446 Contractor: Yusef M. Kayf (Signature)

OWNER-BUILDER DECLARATION

17. I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which receives a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500.):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code); and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor's license pursuant to the Contractor's License Law.

I am exempt under Sec. _____ E. & P. C. for this season.

Date _____ Owner's Signature _____

WORKERS' COMPENSATION DECLARATION

18. I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Worker's Compensation Insurance, or a certified copy (Sec. 3803, Lab. C.).

Policy No. 082977328 Insurance Company _____

Certified copy is hereby furnished.

Certified copy is filed with the Los Angeles City Dept. of Bldg. & Safety.

Applicant's Signature: Yusef M. Kayf

Applicant's Mailing Address _____

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

19. I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

Applicant's Signature _____

Date _____

CONSTRUCTION LENDING AGENCY

20. I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3057, Civ. C.).

Lender's Name _____ Lender's Address _____

21. I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

I further certify that this permit is an application for inspection, that if it does not approve or authorize the work specified herein, that it does not authorize or permit any violation or failure to comply with any applicable law, that neither the city of Los Angeles nor any board, department, officer or employee thereof make any warranty or shall be responsible for the performance or results of any work described herein or the condition of the property or soil upon which such work is performed. (See Sec. 91.0222 LAMC)

PERMIT EXPIRATION/REFUNDS: This permit expires two years after the date of the permit issuance. This permit will also expire if no construction work is performed for a continuous period of 180 days (Sec. 98.0602 LAMC). Claims for refund of fees paid must be filed within one year from the date of expiration for permits granted by LADBS (Sec. 22.12 & 22.13 LAMC). The permittee may be entitled to reimbursement of permit fees if the Department fails to conduct an inspection within 60 days of receiving a request for final inspection (HS 17951).

17. LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under the provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect. The following applies to B contractors only: I understand the limitations of Section 7057 of the Business and Professional Code related to my ability to take prime contracts or subcontracts involving specialty trades.

License Class: **B** Lic. No.: **912329** Contractor: **RHYLEY CONSTRUCTION CO INC**

18. WORKERS' COMPENSATION DECLARATION

I hereby affirm, under penalty of perjury, one of the following declarations:

I have and will maintain a certificate of consent to self insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier: **Everest Ntl. Ins. Co.** Policy Number: **7600001394091**

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

19. ASBESTOS REMOVAL DECLARATION / LEAD HAZARD WARNING

I certify that notification of asbestos removal is either not applicable or has been submitted to the AQMD or EPA as per section 19827.5 of the Health and Safety Code. Information is available at (909) 396-2336 and the notification form at www.aqmd.gov. Lead safe construction practices are required when doing repairs that disturb paint in pre-1978 buildings due to the presence of lead per section 6716 and 6717 of the Labor Code. Information is available at Health Services for LA County at (800) 524-5323 or the State of California at (800) 597-5323 or www.dhs.ca.gov/childlead.

20. CONSTRUCTION LENDING AGENCY DECLARATION

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civil Code).

Lender's name (if any): _____ Lender's address: _____

21. FINAL DECLARATION

I certify that I have read this application INCLUDING THE ABOVE DECLARATIONS and state that the above information INCLUDING THE ABOVE DECLARATIONS is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes. I realize that this permit is an application for inspection and that it does not approve or authorize the work specified herein, and it does not authorize or permit any violation or failure to comply with any applicable law. Furthermore, neither the City of Los Angeles nor any board, department officer, or employee thereof, make any warranty, nor shall be responsible for the performance or results of any work described herein, nor the condition of the property nor the soil upon which such work is performed. I further affirm under penalty of perjury, that the proposed work will not destroy or unreasonably interfere with any access or utility easement belonging to others and located on my property, but in the event such work does destroy or unreasonably interfere with such easement, a substitute easement(s) satisfactory to the holder(s) of the easement will be provided (Sec. 91.0106.4.3.4 LAMC).

By signing below, I certify that:

- I accept all the declarations above namely the Licensed Contractor's Declaration, Workers' Compensation Declaration, Asbestos Removal Declaration / Lead Hazard Warning, Construction Lending Agency Declaration and Final Declaration; and
- This permit is being obtained with the consent of the legal owner of the property.

18. WORKERS' COMPENSATION DECLARATION

I hereby affirm, under penalty of perjury, one of the following declarations:

I have and will maintain a certificate of consent to self insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier: **Everest Ntl. Ins. Co.** Policy Number: **7600001394091**

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

19. ASBESTOS REMOVAL DECLARATION / LEAD HAZARD WARNING

I certify that notification of asbestos removal is either not applicable or has been submitted to the AQMD or EPA as per section 19827.5 of the Health and Safety Code. Information is available at (909) 396-2336 and the notification form at www.aqmd.gov. Lead safe construction practices are required when doing repairs that disturb paint in pre-1978 buildings due to the presence of lead per section 6716 and 6717 of the Labor Code. Information is available at Health Services for LA County at (800) 524-5323 or the State of California at (800) 597-5323 or www.dhs.ca.gov/childlead.

20. CONSTRUCTION LENDING AGENCY DECLARATION

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civil Code).

Lender's name (if any): _____ Lender's address: _____

21. FINAL DECLARATION

I certify that I have read this application INCLUDING THE ABOVE DECLARATIONS and state that the above information INCLUDING THE ABOVE DECLARATIONS is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes. I realize that this permit is an application for inspection and that it does not approve or authorize the work specified herein, and it does not authorize or permit any violation or failure to comply with any applicable law. Furthermore, neither the City of Los Angeles nor any board, department officer, or employee thereof, make any warranty, nor shall be responsible for the performance or results of any work described herein, nor the condition of the property nor the soil upon which such work is performed. I further affirm under penalty of perjury, that the proposed work will not destroy or unreasonably interfere with any access or utility easement belonging to others and located on my property, but in the event such work does destroy or unreasonably interfere with such easement, a substitute easement(s) satisfactory to the holder(s) of the easement will be provided (Sec. 91.0106.4.3.4 LAMC).

By signing below, I certify that:

- I accept all the declarations above namely the Licensed Contractor's Declaration, Workers' Compensation Declaration, Asbestos Removal Declaration / Lead Hazard Warning, Construction Lending Agency Declaration and Final Declaration; and
- This permit is being obtained with the consent of the legal owner of the property.

In the event that any box (i.e. 1-16) is filled to capacity, it is possible that additional information has been captured electronically and could not be printed due to space restrictions. Nevertheless, the information printed exceeds that required by Section 19825 of the Health and Safety Code of the State of California.

15. Building Relocated From:

16. CONTRACTOR, ARCHITECT, & ENGINEER NAME	ADDRESS	CLASS	LICENSE#	PHONE #
(E) Lee, John K (O) , Owner-Builder	2414 W 236th Place, Torrance, CA 90501		C56696 0	213-820-7925 310-749-9136

PERMIT EXPIRATION/REFUNDS: This permit expires two years after the date of the permit issuance. This permit will also expire if no construction work is performed for a continuous period of 180 days (Sec. 98.0602 LAMC). Claims for refund of fees paid must be filed within one year from the date of expiration for permits granted by LADBS (Sec. 22.12 & 22.13 LAMC). The permittee may be entitled to reimbursement of permit fees if the Department fails to conduct an inspection within 60 days of receiving a request for final inspection (HS 17951).

17. OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).):

I, as the owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business & Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year from completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

OR

I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business & Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

18. WORKERS' COMPENSATION DECLARATION

I hereby affirm, under penalty of perjury, one of the following declarations:

I have and will maintain a certificate of consent to self insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier: _____ Policy Number: _____

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

19. ASBESTOS REMOVAL DECLARATION / LEAD HAZARD WARNING

I certify that notification of asbestos removal is either not applicable or has been submitted to the AQMD or EPA as per section 19827.5 of the Health and Safety Code. Information is available at (909) 396-2336 and the notification form at www.aqmd.gov. Lead safe construction practices are required when doing repairs that disturb paint in pre-1978 buildings due to the presence of lead per section 6716 and 6717 of the Labor Code. Information is available at Health Services for LA County at (800) 524-5323 or the State of California at (800) 597-5323 or www.dhs.ca.gov/childlead.

20. FINAL DECLARATION

I certify that I have read this application INCLUDING THE ABOVE DECLARATIONS and state that the above information INCLUDING THE ABOVE DECLARATIONS is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes. I realize that this permit is an application for inspection and that it does not approve or authorize the work specified herein, and it does not authorize or permit any violation or failure to comply with any applicable law. Furthermore, neither the City of Los Angeles nor any board, department officer, or employee thereof, make any warranty, nor shall be responsible for the performance or results of any work described herein, nor the condition of the property nor the soil upon which such work is performed. I further affirm under penalty of perjury, that the proposed work will not destroy or unreasonably interfere with any access or utility easement belonging to others and located on my property, but in the event such work does destroy or unreasonably interfere with such easement, a substitute easement(s) satisfactory to the holder(s) of the easement will be provided (Sec. 91.0106.4.3.4 LAMC).

By signing below, I certify that:

- (1) I accept all the declarations above namely the Owner-Builder Declaration, Workers' Compensation Declaration, Asbestos Removal Declaration / Lead Hazard Warning and Final Declaration; and
- (2) This permit is being obtained with the consent of the legal owner of the property.

OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

(OWNER-BUILDER DECLARATION)

Application Number: 10014 - 10000 - 02418

Project Address: 535 S Broadway LA CA 90013

DIRECTIONS: Read and initial each statement below to signify you understand or verify this information.

BL 1. I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

BL 2. I understand building permits are not required to be signed by property owners unless they are *responsible* for the construction and are not hiring a licensed Contractor to assume this responsibility.

BL 3. I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.

BL 4. I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.

BL 5. I understand if I employ or otherwise engage any persons, other than California licensed Contractors, and the total value of my construction is at least five hundred dollars (\$500), including labor and materials; I may be considered an "employer" under state and federal law.

BL 6. I understand if I am considered an "employer" under state and federal law, I must register with the state and federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee." I also understand my failure to abide by these laws may subject me to serious financial risk.

BL 7. I understand under California Contractors' State License Law, an Owner-Builder who builds single-family residential structures cannot legally build them with the intent to offer them for sale, unless *all* work is performed by licensed subcontractors and the number of structures does not exceed four within any calendar year, or all of the work is performed under contract with a licensed general building Contractor.

BL 8. I understand as an Owner-Builder if I sell the property for which this permit is issued, I may be held liable for any financial or personal injuries sustained by any subsequent owner(s) that result from any latent construction defects in the workmanship or materials.

BL 9. I understand I may obtain more information regarding my obligations as an "employer" from the Internal Revenue Service; the United States Small Business Administration, the California Department of Benefit Payments, and the California Division of Industrial Accidents. I also understand I may contact the California Contractors' State License Board (CSLB) at 1-800-321-CSLB (2752) or www.cslb.ca.gov for more information about licensed contractors.

OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

(OWNER-BUILDER DECLARATION, cont.)

Application Number: 10014-10000-02418

Project Address: 535 S Broadway LA CA 90013

10. I am aware of and consent to an Owner-Builder building permit applied for in my name, and understand that I am the party legally and financially responsible for proposed construction activity at the following address: 535 S Broadway LA CA 90013

11. I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern Owner-Builders as well as employers.

12. I agree to notify the issuer of this form immediately of any additions, deletions, or changes to any of the information I have provided on this form. Licensed contractors are regulated by laws designed to protect the public. If you contract with someone who does not have a license, the Contractors' State License Board may be unable to assist you with any financial loss you may sustain as a result of a complaint. Your only remedy against unlicensed Contractors may be in civil court. It is also important for you to understand that if an unlicensed Contractor or employee of that individual or firm is injured while working on your property, you may be held liable for damages. If you obtain a permit as Owner-Builder and wish to hire Contractors, you will be responsible for verifying whether or not those Contractors are properly licensed and the status of their workers' compensation insurance coverage. Before a building permit can be issued, this form must be completed and signed by the property owner and returned to the agency responsible for issuing the permit.

Note: A copy of the property owner's driver's license, form notarization, or other verification acceptable to the agency is required to be presented when the permit is issued to verify the property owner's signature.

Owner's Name: Betsy Levy

Signature of property owner [Signature] Date: 7/19/10

Lender's name (if any): _____ Lender's address: _____

21. FINAL DECLARATION

I certify that I have read this application INCLUDING THE ABOVE DECLARATIONS and state that the above information INCLUDING THE ABOVE DECLARATIONS is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes. I realize that this permit is an application for inspection and that it does not approve or authorize the work specified herein, and it does not authorize or permit any violation or failure to comply with any applicable law. Furthermore, neither the City of Los Angeles nor any board, department officer, or employee thereof, make any warranty, nor shall be responsible for the performance or results of any work described herein, nor the condition of the property nor the soil upon which such work is performed. I further affirm under penalty of perjury, that the proposed work will not destroy or unreasonably interfere with any access or utility easement belonging to others and located on my property, but in the event such work does destroy or unreasonably interfere with such easement, a substitute easement(s) satisfactory to the holder(s) of the easement will be provided (Sec. 91.0106.4.3.4 LAMC).

By signing below, I certify that:

- (1) I accept all the declarations above namely the Licensed Contractor's Declaration, Workers' Compensation Declaration, Asbestos Removal Declaration / Lead Hazard Warning, Construction Lending Agency Declaration and Final Declaration; and
- (2) This permit is being obtained with the consent of the legal owner of the property.

PERMIT EXPIRATION/REFUNDS: This permit expires two years after the date of the permit issuance. This permit will also expire if no construction work is performed for a continuous period of 180 days (Sec. 98.0602 LAMC). Claims for refund of fees paid must be filed within one year from the date of expiration for permits granted by LADBS (Sec. 22.12 & 22.13 LAMC). The permittee may be entitled to reimbursement of permit fees if the Department fails to conduct an inspection within 60 days of receiving a request for final inspection (HS 17951).

17. OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the following reason (Section 7031.5, Business and Professions Code, Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

I, as the owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year from completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

OR

I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

18. WORKERS' COMPENSATION DECLARATION

I hereby affirm, under penalty of perjury, one of the following declarations:

I have and will maintain a certificate of consent to self insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier: _____ Policy Number: _____

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

19. ASBESTOS REMOVAL DECLARATION / LEAD HAZARD WARNING

I certify that notification of asbestos removal is either not applicable or has been submitted to the AQMD or EPA as per section 19827.5 of the Health and Safety Code. Information is available at (909) 396-2336 and the notification form at www.aqmd.gov. Lead safe construction practices are required when doing repairs that disturb paint in pre-1978 buildings due to the presence of lead per section 6716 and 6717 of the Labor Code. Information is available at Health Services for LA County at (800) 524-5323 or the State of California at (800) 597-5323 or www.dhs.ca.gov/childlead.

20. FINAL DECLARATION

I certify that I have read this application INCLUDING THE ABOVE DECLARATIONS and state that the above information INCLUDING THE ABOVE DECLARATIONS is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes. I realize that this permit is an application for inspection and that it does not approve or authorize the work specified herein, and it does not authorize or permit any violation or failure to comply with any applicable law. Furthermore, neither the City of Los Angeles nor any board, department officer, or employee thereof, make any warranty, nor shall be responsible for the performance or results of any work described herein, nor the condition of the property nor the soil upon which such work is performed. I further affirm under penalty of perjury, that the proposed work will not destroy or unreasonably interfere with any access or utility easement belonging to others and located on my property, but in the event such work does destroy or unreasonably interfere with such easement, a substitute easement(s) satisfactory to the holder(s) of the easement will be provided (Sec. 91.0106.4.3.4 LAMC).

By signing below, I certify that:

- (1) I accept all the declarations above namely the Owner-Builder Declaration, Workers' Compensation Declaration, Asbestos Removal Declaration / Lead Hazard Warning, and Final Declaration; and
- (2) This permit is being obtained with the consent of the legal owner of the property.

OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

(OWNER-BUILDER DECLARATION)

Application Number:

15016-10000-06187

Project Address:

537 S. BROADWAY

DIRECTIONS: Read and initial each statement below to signify you understand or verify this information.

1. I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

2. I understand building permits are not required to be signed by property owners unless they are responsible for the construction and are not hiring a licensed Contractor to assume this responsibility.

3. I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.

4. I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.

5. I understand if I employ or otherwise engage any persons, other than California licensed Contractors, and the total value of my construction is at least five hundred dollars (\$500), including labor and materials, I may be considered an "employer" under state and federal law.

6. I understand if I am considered an "employer" under state and federal law, I must register with the state and federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee." I also understand my failure to abide by these laws may subject me to serious financial risk.

7. I understand under California Contractors' State License Law, an Owner-Builder who builds single-family residential structures cannot legally build them with the intent to offer them for sale, unless all work is performed by licensed subcontractors and the number of structures does not exceed four within any calendar year, or all of the work is performed under contract with a licensed general building Contractor.

8. I understand as an Owner-Builder if I sell the property for which this permit is issued, I may be held liable for any financial or personal injuries sustained by any subsequent owner(s) that result from any latent construction defects in the workmanship or materials.

9. I understand I may obtain more information regarding my obligations as an "employer" from the Internal Revenue Service, the United States Small Business Administration, the California Department of Benefit Payments, and the California Division of Industrial Accidents. I also understand I may contact the California Contractors' State License Board (CSLB) at 1-800-321-CSLB (2752) or www.cslb.ca.gov for more information about licensed contractors.

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. For efficient handling of information internally and in the Internet, conversion to this new format of code related and administrative information bulletins including MGD and RGA that were previously issued will allow flexibility and timely distribution of information to the public.
