Mr. Williams,

After speaking with Mr. Jordann Turner at the planning department we are requesting a continuance of the above matter until May 9, 2019.

As you may be aware, at the previous CPC hearing on February 14, 2019 we requested a continuance of our matter until March 2019. During the February 14, 2019, hearing we were informed that the CPC's March calendar was too full and they would not be able to hear our matter at that time. The commissioners did not give us a new date for the hearing at that time, and we were instructed to work with staff to come up with a mutually agreeable date to continue the hearing.

Mr. Turner suggested that we continue the hearing until May 9, 2019 to give staff ample time to discuss the design changes we recently submitted. The owners are agreeable with that date and are willing to extend time for the CPC to hear the matter.

Please feel free to contact me with any questions or concerns you may have at this time. Thank you for your assistance.

Mike Jang
