Dear Commissioners:

Councilmember Bob Blumenfield supports the proposed car wash facility at 22736 West Victory Boulevard. Our office has not received any objections to the proposed project and a new, updated car wash will be an improvement to the existing conditions at the site.

Thank you,

Honourable Council Members:

I am writing this letter to express my support for the 22736 West Victory Blvd Project that is being proposed in our community. This project will remove the old, unattended and outdated car wash with New Express Car Wash, with detail center. As a member of the local community, we have been closely monitoring the situation and have come to the conclusion that this project will be of great benefit to the people of our community and neighbours. They are great support to our Community.

The Victory Blvd Car Wash project aims to address homeless encampment, illegal activities and public safety. This is a crucial issue that affects not only the safety of our citizens but also the quality of life in our community. We believe that the proposed solution will go a long way in addressing the problem and bringing positive change.

Please call us for any additional question or concerns.

Thank You.
