Hi Tim,

I'm attaching the design notes from the PVP meeting. Overall, the project was very well received and did get a lot of compliments on design. There were a couple of questions though, primarily about the interaction of the ground-floor non-corner areas to the street, bike parking, and sustainability features.

As an update on the project, the City is starting to send back Draft EIR sections to ESA, and should have the remaining sections in by end of next week.

Also, could you please send me Ryan Lieberman's contact information? I can't seem to find his email in my contacts.

Thanks,  
Milena

Thank you for sending over Milena.

We will review and respond to the comments made by PVP.

Additionally I have CC'd Ryan Leaderman to this email so that you will have his contact info.

Please let me know if you need anything else.

Timothy Moran
