Hi Milena,

Please see attached correspondence regarding VTT-74531 and ENV-2016-4630-EIR relating to the 1045 Olive Project. Please note that the materials include an errata, back-up letter for the excavation amounts, and a slightly updated haul route application.

Please contact me with any questions or concerns.

See you tomorrow morning!

Ryan

Hi Ryan,

Thanks for sending over the letter with the modification requests. It would be great if you could bring a couple of extra copies for discussion at tomorrow's Advisory Agency meeting. Thanks.

LADOT has also provided additional comments on the original Haul Route request, which we will also present at the hearing tomorrow for discussion.

Also, the attached Errata document in the previous email appears to be a draft document and has not been distributed by the City. Please note that the City is responsible for preparing and distributing all CEQA documents. We can separately discuss CEQA documentation in light of the project modifications and proposed DOT recommendations.

Thanks again and see you tomorrow,
Milena
