Re: 6220 West Yucca Project Draft Environmental Impact Report (DEIR)
Case NO.: ENV-2014-4706-EIR

The Hollywood United Neighborhood Council's Board of Directors at their May 11, 2020 regularly scheduled meeting overwhelmingly voted to submit the following comment extension request:

In response to the release of the 6220 West Yucca Project Draft Environmental Impact Report (DEIR) that was made on April 23, 2020, we respectfully request that the comment period be extended to August 1, 2020 in light of the emergency shelter in place orders that are in effect and delay in setting up the protocols that will allow city agencies to function under the Brown Act. We understand the comment period for a Draft EIR is normally 45 days. However, we are living in unprecedented times and Neighborhood Councils have been severely hampered from effectively gathering public input during the current pandemic.

This is a large project that will impact the immediate community and the 50 or so tenants whose potential homelessness will need to be addressed. In addition, a project of this scale will impact the extended community beyond Council Districts 13 and 4. Greater Los Angeles will be affected due to the development's proximity to crucial city transportation routes and the Hollywood Earthquake Fault Line.

In addition, there are myriads of other impacts that deserve a clear and transparent process which allows the community to weigh in on this matter, including the proposed mega-project Hollywood Center Project literally across the street from this project. These two projects will place an unprecedented strain on city resources and neighborhood safety and must be carefully and thoroughly vetted by the city departments and affected neighborhood groups and we request that you accommodate the community during these limited times of public interaction.

Sincerely yours,

Jim Van Dusen *
Chair, Planning and Land Use Management Committee

George Skarpelos *
President
