RE: Environmental Case No: ENV-2014-4706-EIR  
Comments on Draft Environmental Impact Report (DEIR) for the Hollywood Community Plan  
Update 2 (HCPU2) No. CPC-2016-1450-CPU

Dear Mr. Como,

I am writing as a resident of Hollywood regarding the Draft Environment Impact Report on the proposed development for 6220 West Yucca Street Project (ENV-2014-4706-EIR).

*I insist that the Department of City Planning immediately withdraw the Draft EIR project review until 30 days after the City's Stay at Home order is lifted.*

As has been shown by the COVID-19 crisis, Hollywood has plenty of luxury housing sitting empty. We need to stop creating more luxury housing at the expense of displacing our community members.

Finally, it is outrageous that the Department of City Planning expects the community to contribute public comment during the COVID-19 crisis. I join with many other community members in demanding that this notice and the review period be withdrawn until 30 days after the governor and mayor lift the Stay at Home order and that the DEIR be redrafted to address the above issues.

Regards,
