Waste Hauler Permit (aka AB939 Compliance Permit) Program

A private waste hauler collecting solid waste within the City, including Construction & Demolition Waste, must obtain an AB 939 Compliance Permit (aka Waste Hauler Permit), pay applicable AB939 compliance fees of ten percent of gross receipts, submit an annual report, and submit all other reports as required, including but not limited to AB341 reporting forms. **New Citywide Construction and Demolition (C&D) Waste Recycling Ordinance Effective January 1, 2011.** Contractors and waste haulers responsible for handling C&D waste must obtain a Waste Hauler Permit prior to collecting, hauling and transporting C&D waste from within the City and **C&D waste can only be taken to City Certified C&D Processing Facilities.** Non-compliance penalties of up to \$5,000 will be assessed for every load of C&D waste not taken to City certified processors. For a current list of City Certified Processors of C&D Waste, scroll down to the bottom of this page. [Click here for more information about the C&D waste recycling ordinance!](#)

Please refer to the downloadable PDF/ MS Excel documents below that are related to the Waste Hauler Permit program. Also, below you will find information pertaining to the Processor Certification Program, including the current list of City Certified Processing Facilities. For additional information regarding the information in this webpage, please call (213) 485-2260.
