Comment Letter No. 113

Ms. Barbara Tarnowski
10410 Las Lunas Ave.
Tujunga, CA 91042-1841

December 26, 2003

Project Name: Canyon Hills Project

RECEIVED
CITY OF LOS ANGELES

DEC 29 2003

ENVIRONMENTAL
UNIT

EIR Case No: ENV-2002-2481-EIR

Reference Nos: SCH # 2002091018

To whom it may concern:

Thank you for your time I am writing to oppose the Canyon Hills Project. Furthermore the EIR (Case No: ENV-2002-2481-EIR) is inadequate. I demand that the city of Los Angeles have their consultants and an independent outside agency redo the EIR for the Canyon Hills Project, EIR-Case No: ENV-2002-2481-EIR, Ref. #'s SCH # 2002091018 and then release the EIR for additional comments when it is up to par and adequate. The EIR is inadequate because it blatantly understates the impact of this development on the community and nearby communities.

113-1

The Whitebird Development Group will not help the state of California. It will

113-2

Page 4

harm the state of California by destroying precious habitat that is critically needed for CALIFORNIA and its federal-listed and or state-listed threatened and or endangered native wildlife.

It does not take a rocket scientist to know: **NO WILDLIFE = NO HUMANS** eventually.

113-2

Will we tell Jesus upon his return: "Making money and being greedy was much more important, than taking good care of His Father's innocent little creatures until his return".

The 887 acres of land situated in the Verdugo mountains must and needs to remain as the beautiful open space that it still is. Many surrounding areas of Sunland, Tujunga, Shadow Hills, Lake View Terrace, La Crescenta etc. are sacred lands! They need to be left alone, they need to be preserved! For our own good they **MUST** be left alone and **MUST** be preserved!

113-3

Thank you again for your time and consideration.

Respectfully,
Barbara Jarnowski
