

Besides the animals, a variety of birds will be effected by the developments

195-1

I like in the area, because I enjoy seeing these animals and the beautiful flowers that bloom every year.

195-2

There will also be more congestion on the 210 Freeway + Foothill Blvd with this increase of residents and the services they will need.

195-3

I urge the L.A. City Planning Department to protect these hills

Dear Ms. Zaitzovsky

This note is regards to the Canyon Hills Development by Whitebird Group at the 210 Freeway + La Jena Canyon in the Sunland-Tujunga area.

195-1

I'm protesting the building of homes on these hills. It will destroy the beauty of these hills. These mountains are not suitable <sup>refuge</sup> for the animals that live in there and eat the foliage.

195-3

preserve the history of the  
wildlife that should  
be there.

I hope my letter  
can make a difference
