To Whom It May Concern,

I am writing to you regarding the Canyon Hills Project better known as the Whitebird Development. They have recently released their Draft Environmental Impact Report for Case # ENV 2002-2481-E.I.R.

I am very disturbed by the fact that Whitebird wants to request a zone change to R-9 in a large portion of the property to be developed.

This goes directly against the ordinance for Shadow Hills as an equestrian area. Tract housing will not fit in with this otherwise open-space, semi-rural community. Do not allow this development corporation to change the zoning and thereby change the very nature and heart of our community. Thank you for your time.

Sincerely
 Kathryn Ballard
