

IV. ENVIRONMENTAL IMPACT ANALYSIS

This section addresses the potential impacts of the proposed project on:

- A. Land Use
- B. Population and Housing
- C. Geology
- D. Water Resources
- E. Air Quality
- F. Transportation
- G. Hazards
- H. Noise
- I. Public Services
 - 1. Fire
 - 2. Police
 - 3. Schools
 - 4. Park and Recreation
 - 5. Libraries
- J. Public Utilities
 - 1. Water
 - 2. Wastewater
 - 3. Solid Waste
 - 4. Energy
- K. Visual Resources
- L. Cultural Resources

An introduction and discussion of existing conditions, regulatory framework, environmental impact analysis, cumulative impacts, mitigation measures and adverse impact discussions are provided under each sub-section of this **Section IV**.

Impacts determined not to be significant, including agricultural resources, biological resources and mineral resources, are addressed in this EIR under **Section VII, Effects Found Not to be Significant**, and have been omitted from this **Environmental Impact Analysis** section of this report.
