Hello Sunbula,

See attached for the previously approved SCAR & the project info.

I know you mentioned that Vine Street separating the two lots may be an issue on your end?, Our preferred solution would be to keep the SCAR in the same format as previously approved, it seems the previous one was processed by Albert and Reviewed by you.

Processed by: **Albert Lew**
Bureau of Sanitation
Phone: 323-342-6207
Sanitation Status: **Approved**

Especially since we've already submitted EIR documents to planning with this format and revisions at this time would be problematic on our end. We were told by the team that the SCAR renewal was requested by the planning department.

Thanks,

Rickard Severinsson, EIT
