Can the interview, if it happens, take place when Mitch is back in town?

Tony,
The address is 6210-6224 Yucca Street in Hollywood. We want to talk about the dilemma these residents are facing as well as the larger issue of balancing the needs for more housing while keeping neighborhood cultures intact.
Thanks so much!

Kat

Tony,

We are doing a story about city planning issues and the large developments now going up around L.A. For example, we are looking at the Yucca Argyle development which would displace long term tenants and build additional high rises in the area.

We would like to speak with Council Member Mitch O'Farrell or his Director of Land Use and Planning about this location and the concerns of current residents.

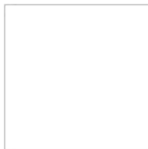

This is part of a larger story on the urgent need for more housing in LA and the challenges in a city like Los Angeles.

Can you make either of them available for an on-camera interview on Thursday 11/16? Ideally, we'd like to interview them at the site, but would happily come anywhere that is convenient.

Many thanks,
