Hi Tony,

I saw that an appeals court upheld an earlier trial court ruling that invalidated the EIR for the Millennium project. I know the councilmember's term didn't start until after the Millennium project's FEIR had been submitted but the developer is planning a new, tweaked project on that site now and I wondered what bearing, if any, this ruling would have on that project as it moves forward. Any insight you could share would be very helpful.

Best,  
Bianca
