This is a friendly reminder to please submit **any written correspondence, including electronic communications (email and texts), relating to the 6220 Yucca Project Draft EIR**. If you are receiving this email, then I have not received a response from you.

If you do not have any written or electronic communications (email and texts) regarding this project, please reply to this email stating you have no correspondence. If you do have correspondence, please follow the instructions attached to the original email that was sent on January 7th. If you have any questions, please call me rather than email me. Thank you.

Please try to complete this request as soon as possible (Friday January 31 would be ideal) so that we can prepare the administrative record. Thank you.

Hello,

The Department of City Planning is preparing to release a Draft Environmental Impact Report (DEIR) for the "**6220 Yucca Project**." Since this has been designated by the State as an "Environmental Leadership Development Project" (ELDP), the City will need to upload our entire record of proceedings at the time we release the Draft EIR. This email is being sent to persons that have been identified as possibly having written correspondence, including electronic communications (email or texts), regarding the project. If you are aware of someone else who may have worked on this project, please let me know.

Therefore, we would like to request you to submit **any written correspondence, including electronic communications(email and texts), relating to the 6220 Yucca Project Draft EIR**.

All files should be submitted via a single separate Dropbox or Google Drive link. Please submit any written correspondence via a scanned PDF file. Please see the attached instructions for email collection. The City Attorney's office has requested that the emails be submitted in the format outlined in the instructions.

Please submit documents by **Friday January 24, 2020**
