This is a friendly reminder to please submit **any written correspondence, including electronic communications (email and texts), relating to the 6220 Yucca Project Draft EIR**. If you are receiving this email, then I have not received a response from you.

If you do not have any written or electronic communications (email and texts) regarding this project, please reply to this email stating you have no correspondence. If you do have correspondence, please follow the instructions attached to the original email that was sent on January 7th. If you have any questions, please call me rather than email me. Thank you.

Please try to complete this request as soon as possible (Friday January 31 would be ideal) so that we can prepare the administrative record. Thank you.
