Ms. Nguyen,

A massive development project proposed for Hollywood does not have a large enough window of time for Public Response. Due to the "Safer at Home" order, I am unable to participate in a proper forum of the impact this proposed development will have on me, and my community here in Hollywood.

The DEIR was released in the midst of April. It is a complex report that requires more time so we can respond in a cogent manner.

It should be noted that this project will exceed the heights of all building in Hollywood, and it will forever change our community. This alone is certainly worth allowing more time for our community to discuss and have input on the project.

Please extend the public response time.

Thank you,

Dean Katz
