Comment No. 04-1

The Planning Department has released the draft Environmental Impact Report (EIR) for the proposed Millennium Project at 1750 Vine Street, which commenced a 45 day public comment period:

The proposed project is large in scale and includes what could be one of the tallest buildings in all of Hollywood.

As I'm sure you are aware, the proposed project has generated controversy among my constituents.

Accordingly, I request that the public comment period be extended to 60 days to increase the public's opportunity to comment on the draft EIR.

MILLENNIUM HOLLYWOOD CENTER PUBLIC COMMENT PERIOD
EXTENSION DENIED!!!
COMMENT DEADLINE ..JUNE 1st.....4:00PM!!!!!!

Requests for Extension DENIED!!!!

Despite all our best efforts...all the community groups, individual residents, Neighborhood Counsels requesting an extension of the public comment period, in light of the 'UNUSUAL CIRCUMSTANCES' related to the COVID-19 PANDEMIC CRISIS, Requests have been DENIED!!!

The Planning Department responded to each request with a version of this statement:

"The City has received your request, together with other requests, for an extension of the Hollywood Center Project Draft EIR comment period in light of COVIDo19.

Per CEQA Guidelines, Section 15105, the public review period for a Draft EIR should not be less than 30 days nor should it be longer than 60 days, except under 'UNUSUAL CIRCUMSTANCES' "

If a GLOBAL PANDEMIC CRISIS isn't 'UNUSUAL CIRCUMSTANCES', what IS???

The Deadline Is Coming Fast!
