Hi, Tony. I'm following up on this LAT story about "strong" evidence of a fault under the site.

[https://www.latimes.com/california/story/2020-07-22/evidence-mounts-earthquake-fault-underlies-giant-hollywood-proposed-development?](https://www.latimes.com/california/story/2020-07-22/evidence-mounts-earthquake-fault-underlies-giant-hollywood-proposed-development?hpid=hp_hp-top-table-main-earthquake%3Ahomepage%2Fstory&hpid=hp_hp-top-table-main-earthquake%3Ahomepage%2Fstory)

I'd like to do a quick (recorded) phone interview with Mitch as soon as possible.

Thank you -
