Thanks, Wes. Regarding the signal, agreement with the concept is really all that I was looking for at this point; given that, we will proceed with more analyses.

Hi Tom,

I am still waiting for a response from Caltrans on when they would like to meet. I sent an email to Miya to stress that setting up two different meetings may not be the best use of our time because it seems to be taking a long time, but she had Alan Lin respond to me that they are insisting on meeting with us alone prior to meeting with your team.

As far as the signal goes, Bhuvan has basically agreed to it in concept. If you want a more concrete approval they would probably want to see a warrant analysis.

Hi Wes –

Just checking in. Have you met with CT yet re Hollywood Center, or has a meeting been arranged?

And any word from Hollywood District re the proposed mid-block signalized crosswalk and alley access on Argyle? (FYI, the team shared this idea with the Council office and they were amenable.)

Thanks!

Hi Tom,

Yes, Miya called me and wants to meet with Eddie and myself before we meet with the whole project team. So, I am trying to set up a time to meet with them before we have the other meeting.

Edgar is unavailable on Monday and we are unavailable on Tuesday. Are there days later in the week that would work for Eddie and you?

Tom,

I am suggesting next Monday or Tuesday for the meeting. Eddie and I are available most of the day (I think).
