Subject: Re: Freeway Improvements

Would be nice if they could nexus these improvements so that they can be considered consistently for all projects rather than ad-hoc (which is what Luci is trying to avoid).

To offer some ideas on potential freeway improvements, here are the improvements that Farmers Field proposed for the freeway system:

- one-time contribution of \$2.5 million to Caltrans for design & installation of 5 changeable message signs on freeway mainline
- up to \$2 million to install fixed directional signage on freeway system
- one-time contribution of \$1.6 million to Caltrans to implement ramp metering upgrades
- \$2.4 million to Caltrans to fund a portion of the improvement to add an auxiliary lane on the 101 freeway
- work with Caltrans on the design and implementation of traffic management measures that are coordinated and integrated with traffic management plans led by LADOT, Metro & LAPD for events
