I'm sending along a diagram that shows the turning movements for the driveways in that area. Let me know if we can provide anything else. Thanks.

Miguel

Hi Eduardo,

The turning movements for the peak hour and peak period are attached from NDS. There are several aerials that can be used to track the movements from the various driveways. Let me know if you have questions or need anything else.

Miguel

Hi Eduardo,

I'm attaching a few items:

- Driveway CMA sheets
- Signal warrant analysis summary table
- Signal warrant analysis

Let me know if you need anything else. I'll call to confirm you have received the attachments. Thanks.

Regards,
Miguel
