I believe the feasibility is there. At this point, we just wait for their official submittal to review. This is of course, after they secure a signed TCR from Bhuvan.

Mike,

The Traffic Consultant reached out to me to check the status for the two locations they are proposing striping changes. As you recall in our last project meeting (when the signalized alley was the topic of conversation), Tom Gaul & Miguel Nunez inquired if the proposed striping at both locations would be feasible per B-Permits. After the meeting, we had left off that you would be providing an answer.

Thanks Mike, I appreciate all your help.
