Hi Eduardo,

I ended up having to leave early on Friday. Would you be free to touch base this AM? Is 10:30 an option? Thanks.

Regards,
Miguel

Good morning Miguel,

I reached out to the Hollywood-Wilshire District Engineer yesterday. I will make the effort again today so he can evaluate the site plan. Also, can you reach out to Mike Moshksar to see what was the end result of that intersection where stripping changes were proposed. mike.moshksar@lacity.org If you prefer to discuss it over the phone, I recommend sending him an email asking for the status and that you prefer to discuss it over the phone.

Thanks

Would today be an option? I can take it over in the next couple hours. If not, can you let me know what time Tuesday works and whether I would take it to the LADOT offices by City hall or over by Fig where I dropped them off last time?

Thanks.

Hi Miguel,

You can drop it off next week. Just an FYI, I am off on Monday.

Thanks

Hi Eduardo,

We have a revised access concept we'd like to submit. Last time DOT requested hard copies. I can email a PDF or drop-off plots of the new option. I can drop it off early next week if that is preferred. Let me know what works on your end. Thank you.

Hi Eduardo,

I hope this finds you well. I wanted to check-in with you as we work to revisit the access concept with LADOT staff for the project in Hollywood. Would you be free to check-in for a few minutes this afternoon or tomorrow morning? My direct line is 213 2613072. I can also call you. I tried dialing this number, but I was not able to leave a message:
