Hi Miguel,

I just followed up with my Senior Engineer to see if he has had a chance to review, and he has not. He said he will try to review the warrant study this week.

Thanks,

Subject: Hollywood Center Signal Warrants

Hi Bhuvan,

We spoke about a month ago regarding the signal warrants for the Hollywood Center project. When we spoke we discussed submitting a streamlined signal warrant package with a write-up describing the approach for the peak hour warrant, including the consideration of right-turn volumes. I'm sending a revised package with the write-up and signal warrant sheets. We have analysis for other time periods and scenarios if you would like to see that info.

We have a Transportation Assessment Report under review and are working to coordinate the review and assessment letter and ask that you reach out if you have any questions or need any other data. Can you take a look and let us know an estimated timeline for review? Thank you.

Regards,

Miguel
