Hi Eduardo,

We did not have any other conversations with Mike or Vincent.

Regards,
Miguel

Hi Miguel,

I got your email, waiting on Wes to respond.

I know initially we were working with Mike Moshkar on getting approval(s) for the proposed stripping at two intersections Hollywood Bl and Argyle Ave & Vine St and Selma Ave. There was some pushback from Mike because the designated right turn lane at both locations didn't meet the minimum standard width of 12'. In the midst of this, there was some restructuring that took place at our B-Permits section, he suggested over the phone on dealing with Vincent Chen as we proceeded with the project process, did that ever take place?

Thanks

Hi Bhuvan,

Thanks for that update. Please let us know if you have any questions, if you need anything else from us, and/or when that review is complete. We are working to wrap-up the review process and glad to provide additional info to help move that along. Thanks.

Regards,
Miguel

Hi Miguel,

I just followed up with my Senior Engineer to see if he has had a chance to review, and he has not. He said he will try to review the warrant study this week.

Thanks,

Bhuvan Bajaj, P.E.

Hi Bhuvan,

I just phoned your office and they mentioned you are out today and back on Monday. I'll give you a call to follow-up on this item Monday.

Thanks.

Regards,
Miguel

Hi Miguel,

Apologies for the delayed response. I am free this afternoon, tomorrow morning, and Friday mid-day. You can try my work cell at 213.369.2546. I can also receive texts.

Thanks,

Bhuvan Bajaj, P.E.

Hi Bhuvan,

I just left a VM regarding the email below and it is my understanding you are not currently in the office. Would you be free to speak for a few minutes next week? Here are a few options:

- Monday 12/16 at 3:30PM
- Tuesday 12/17 at 1PM
- Wednesday 12/18 at 10AM

Thanks.

Regards,
Miguel

Subject: Hollywood Center Signal Warrants

Hi Bhuvan,

We spoke about a month ago regarding the signal warrants for the Hollywood Center project. When we spoke we discussed submitting a streamlined signal warrant package with a write-up describing the approach for the peak hour warrant, including the consideration of right-turn volumes. I'm sending a revised package with the write-up and signal warrant sheets. We have analysis for other time periods and scenarios if you would like to see that info.

We have a Transportation Assessment Report under review and are working to coordinate the review and assessment letter and ask that you reach out if you have any questions or need any other data. Can you take a look and let us know an estimated timeline for review? Thank you.

Regards,
Miguel
