Hi Luci,

Has anyone processed the work order numbers for the environmental case and associated entitlement cases? If not, I will fill out the paperwork as soon as I get the case files.

Thank you,

Elva

Ms. Ibarra,

On behalf of our ESA team, I'm pleased to submit to the City a draft of the Initial Study package for the Hollywood Center Project. As you are aware, this is a proposed mixed-use project, to be located near the Capitol Records Building in the Hollywood Community Plan Area, along Vine Street, Ivar Avenue, Argyle Avenue, and Yucca Street. At the links below, you can find word documents for ease of review/editing of: the coversheet, table of contents, checklist, Attachment A Project Description, and Attachment B Explanation of Checklist Determinations. We have also provided one consolidated PDF file that includes all these elements as well as figures.

We look forward to working with you through the CEQA process for this project, and I am available for any questions. If possible, can you confirm that you are able to successfully download the files?

Thank you very much, and have a great day!
