Thank you for the clarification. I will share with my friends. It may just have been gossip. I'll try to find the source. Thanks for being so responsive. We want to make sure that the information we share with the public is always accurate.

Good Afternoon Fran,

The scoping comment period for the Hollywood Center Project closed at 4:00 P.M. on October 4, 2018. The scoping comment period was the initial phase for the preparation of the Draft EIR. Although I cannot provide you with a specific release date for the Draft EIR at this time, I can clarify that the EIR is not complete and it has not been circulated.

If you can provide me with the source of your information, I can reach out to them to clarify the status of the EIR. I would like to minimize any misinformation that may be circulating in the community.

Please feel free to reach out to me in the future if you have any additional questions.

Kind regards,

Elva

Hi Elva, can you tell me what part of the process we are in? I read that the EIR for this project was complete and circulated. If that's true, where can I get a copy of it?
