Subject: Re: Quimby and DCP and Rec and Parks

Many thanks everyone and a special thank you to Sarah for such an excellent memo. Lisa and I connected today and it provided exactly what was needed at this time. We will keep everyone posted as to next steps and again, thank you. I know I've had a lot of case management requests this week and its greatly appreciated.

Kevin

Thank you Sarah - I just reviewed the memorandum and it is very comprehensive and tells the story of what is working and what continues to be a challenge. Kevin, let's you and I have a chat to discuss next steps with this. I am in Van Nuys today but the cubicle phone line is not working but I can be reached on either of my cell phones.

Thanks,
Lisa

Hi Kevin,

Please see the attached document outlining current DCP/RAP coordination, including a list of approved and pending projects.

Let me know if you have any questions or need any additional information.

Thank you,

Hi Kevin,

I have been attending all the early consultation meetings with RAP. I can put together a list of a few cases for you to include a status update.

Thanks,
Sarah

Hello Sarah and Justin:

An inquiry arose today regarding the number of projects that are being impacted by requirements for onsite land dedication for park space - especially situations where the onsite dedication (versus an inlieu fee) results in a large percentage that makes housing infeasible.

Is it possible to get a list of a few current projects or addresses? Is Case Management attending the pre-consultations with Rec and Parks?

Thanks for pulling together a brief status update on our collaboration by the end of next week? If any of our project planning managers have specific case examples to share with Sarah and team please do so.

Many thanks,

Kevin
