Hi Jin,

Do you have the Powerpoint ready? If not, can it be ready by Monday no later than 10am?

Thank you,

Hi Jin,

I'll replace these with previous versions. I will look out for these changes in the future when I format these documents.

Thank you,

Hello Claudia,

After clerical review/edits, I noticed that some page numbers were changed in the Hollywood Center Project WSA.

Please see the attached REVISED WSA. I revised page numbers in Table of Contents.

Please see the REVISED WSA appendices. Appendix G has been revised to reflect the revised page numbers in the WSA.

Please let me know if you have any questions.

Thank you.
