Hazel, CPRA Clearinghouse has been working with Tina Shim to determine if this can be handled outside of CPRA. It is looking like it should but I will have an official determination from them tomorrow. You can move forward with releasing or try to get the deadline extended to tomorrow if you want official word first. Thank you for your patience.

Hi Michell,

Can you please see if this should go to CPRA Clearinghouse? Our involvement with the said project is the Water Supply Assessment (WSA) report that we conducted. Our involvement was from September 2018 through January/February 2019. There are email conversation between staff and City Planning personnel.

Regards.

Hazel
