Subject: RE: Draft Initial Study: Hollywood Center Project

Hi Luci,

I wanted to follow up and confirm you were able to access the links below to the Initial Study documentation for the Hollywood Center Project. The links are valid for 14 days from when they were sent, and I want to be sure they don't expire before you access them. If you could confirm they downloaded fine for you, it would be much appreciated.

Thank you!

Subject: Draft Initial Study: Hollywood Center Project

Ms. Ibarra,

On behalf of our ESA team, I'm pleased to submit to the City a draft of the Initial Study package for the Hollywood Center Project. As you are aware, this is a proposed mixed-use project, to be located near the Capitol Records Building in the Hollywood Community Plan Area, along Vine Street, Ivar Avenue, Argyle Avenue, and Yucca Street. At the links below, you can find word documents for ease of review/editing of: the coversheet, table of contents, checklist, Attachment A Project Description, and Attachment B Explanation of Checklist Determinations. We have also provided one consolidated PDF file that includes all these elements as well as figures.

We look forward to working with you through the CEQA process for this project, and I am available for any questions. If possible, can you confirm that you are able to successfully download the files?

Thank you very much, and have a great day!

Please click the link(s) below to access those files and save them locally to your computer/server. Hyperlinks are not properly displayed using Entourage for Mac OS. A manual copy and paste of the hyperlink could be required in order to download the file. The link(s) will expire 14 days after the original send date. Be sure to save the files to their appropriate locations and do not work directly on the open files hosted on Delivert as the changes will not be saved. If you have any troubles retrieving the files, please let us know.
