Thanks for providing the updated list Milena. We hope to see updated guidance from Caltrans in the near future as to how we are expected to address impacts to the SHS in CEQA documents. The Division responsible for developing that in their HQ have agreed to work with us and peer cities to develop that methodology.

Stay tuned.

David

Hi Milena,

I had forgot about this.

Kathleen had prepared this and sent it for Modera, it was approved by CA.

Thanks.

Hi all,

Has anyone received a Caltrans letter in the last six months? If so, can you please let me and Will know, and also include the letter here in this link:

Hi Milena and William,

I talked to Alyssa Bageley today, who is the SB 743 program lead at Caltrans HQ during our regular monthly call with cities implementing SB 743. Rubina had asked if there were any updates on how Caltrans is working with their Districts to push out guidance on how to comment on CEQA documents.

Alyssa had asked us to compile any recent letters that Caltrans D7 submitted, especially if they are addressing ramp queuing and delay. The latest I have is from the 1045 Olive Project submitted last November. Please feel forward any more recently letters that D7 sent to Major Projects.

Thanks,

David Somers
