**Hi Mindy.**

Can you please provide an update as to the trenching the City asked Millennium to do at specific sections of the project site?

Thank you for your response.

Hi,  
The City's LADBS Grading Division will be working with the applicant on an appropriate trenching plan. Once trenching and an updated Geotechnical Investigation is reviewed and approved by the LADBS Grading Division, then the updated information will be provided to the Planning Department for consideration in the environmental documents.

Best regards,  
Milena

Hi.

Thank you for your response.

You said below: "Once trenching and an updated Geotechnical Investigation is reviewed and approved by the LADBS Grading Division"  
Interesting that there is an automatic assumption it will be approved.

Please include this communication in the administrative record.

Thanks.

Miss Zasadzien:

Will the trenching happen this month? Next month?  
Can you please tell me how many locations on the properties will be trenched?

Thank you for your response.

Hi,

Once trenching and an updated Geotechnical Investigation is reviewed and approved by the LADBS Grading Division, then the updated information will be provided to the Planning Department for consideration in the environmental documents.

If the LADBS Grading Division does not approve the Geotechnical Report, then it must be revised according to appropriate standards, otherwise it will not be considered by the Planning Department for consideration in the environmental documents.

Best regards,  
Milena

Hi.

Can you please advise as to when the trenching will happen and on what specific areas ?

Thank you.

Miss Zasadzien:

The information requested is not classified.

Please let me know when the trenching work is to take place and please let me know the locations.

I appreciate your response.

Hi,

As previously mentioned in the previous two emails, the LADBS Grading Division is the department who will review trenching work.

Your emails have been received and will be included in the administrative record.

Best regards,

Milena
