Hi Michelle,

Anything that has been logged in for the Work Order "WPREENTL" would have been for this case.

Thanks!

Hi Mindy,

I know you are out of office today. Since it is getting close to the payroll close time, you can e-mail us which D time entries need to be changed to the new work order tomorrow. We will directly correct them in paysr. Thanks,

Hi Mindy,

I processed the work order setup for case CPC-2019-4639-CU-DB-SPE-SPP-SPR-MCUP last night. The work order C194639C should be available in PAYSr now. Please make the correction and resubmit the D time accordingly.

This is an exception that we processed the work order request in such a short time notice. At the latest, the work order request should be submitted during the pay period the work starts. It will be best to submit the work order request when you have plan to work on a new billable project.

Thank you for your cooperation and understanding.

Yes, but those were recorded under a generic work order as the new work order number hadn't been requested yet.

Hi Gina,

It is only urgent in the sense that I have worked several hours on this project and I would like to bill it accordingly. But if you are ok with me billing it to a generic work order, I can do that.

Thanks!
