Hello,

I have a Draft EIR for the Hollywood Center Project (Case No. ENV-2018-2116-EIR) to be uploaded by **Thursday, April 16, 2020**.

The location of the files to be uploaded can be found here: **P:\Share\WebRequest_LargeFiles\Mindy\Hollywood Center Project ELDP\Web Ready**.

This Project is an Environmental Leadership Development Project (ELDP) and includes additional requirements for making information public and digitally available. Specifically, there is an additional reference library to be uploaded, consisting of over 200 files, as well as the Administrative Record, which I have been working on directly with Stephanie Lockett. Emails about this Project are also required to be made public and digitally available, and will be required to be uploaded throughout the process.

Attached is a Word Document with the landing page information for the Project DEIR.

Please let me know if you have any questions.

Thank you.
