Subject: Re: Hollywood Center Project

Hi Jack,

Thank you for your email. Your comments have been received, by way of the External Affairs Unit, and will be included in the administrative record for the Hollywood Center Project EIR.

As indicated in my previous response to your email dated April 28, 2020, the Draft EIR, the documents referenced in the Draft EIR, and the whole of the case file, are available for public review on our website at the following location: <https://planning.lacity.org/development-services/eir/hollywood-center-project-1>.

If you are aware of anyone who has limited access to the documents online, we have also offered that the Draft EIR can be made available on CD-ROM, USB flash drive or hard copy for anyone who requests one, as we are committed to making the document as accessible as possible from the safety of your own homes, and in compliance with the “Stay at Home” Order.

Further, if it would be helpful to schedule a phone call to discuss any specific questions you may have, or to walk you through the logistics of the Draft EIR, please let me know and I will coordinate accordingly.

Let me know if you have any further questions in the meantime.

Regards,

Thank you for your comment, Jack.

This coming work week, I will reach out to the project planners working on the Hollywood Millennium project to find more information for you as soon as possible.

The Department of City Planning is unwilling to extend the comment period for the EIR for the Hollywood Center project even though the City is under a Safer at Home order and that the EIR is over 12,000 pages long.

People have limited access to the documents. Libraries are closed. City Hall is closed. Internet connections may not be high speed. People cannot get together to coordinate their efforts.

The process stinks and destroys the credibility of DCP and its employees.
