---

Hi Adam,

Thank you for your concern and participation in the public process. You are considered an interested party, and will be notified of all the future milestones for the Project. Feel free to contact me should you have any questions in the meantime.

Regards,

Thank you Ms. Nguyen, I do see the PDF links and the information is extremely well organized and easily accessible.

Please do keep me on any mailing list for the opportunity to submit public comments. As you can see I have strong feelings about this project and other oversized development projects that are often pushed onto small neighborhoods.

Thank you,

Hi Adam,

Thank you for your email. Your comments have been received and will be included in the administrative record for the Hollywood Center Project EIR.

The City has also received your request, together with other requests, for an extension of the Hollywood Center Project Draft EIR comment period in light of COVID-19.

Per CEQA Guidelines Section 15105, the public review period for a Draft EIR should not be less than 30 days nor should it be longer than 60 days, except under unusual circumstances. While we agree that these are unprecedented times, as indicated in the Notice of Completion and Availability (NOA) for the Hollywood Center Project Draft EIR, the Draft EIR, the documents referenced in the Draft EIR, and the whole of the case file, are available for public review on our website at the following location: <https://planning.lacity.org/development-services/eir/hollywood-center-project-1>.

If you are having difficulty accessing the document in any way (i.e. if links are not working or the attachments cannot be viewed), or if you are aware of anyone who has limited access to the document online, we have also offered that the Draft EIR be made available on CD-ROM, USB flash drive or hard copy for anyone who requests one, as we are committed to making the document as accessible as possible from the safety of your own homes, and in compliance with the "Stay at Home" Order.

Furthermore, pursuant to the Governor's [Executive Order N-54-20](#), signed April 22, 2020, deadlines for filing, noticing, and posting of CEQA documents with county clerk offices have been suspended for 60 days. However, deadlines for public review and comment periods for CEQA documents, such as for draft EIRs, have not been suspended and the provisions governing public review remain unchanged.

As such, please be advised that, as the Draft EIR remains accessible to all individuals, the comment period will not be extended at this time. We understand your concern regarding this Project, and ask that you let us know if you have any difficulty accessing the Draft EIR or if you need additional accommodations to be able review it offline.

Please also be advised that this is not your only opportunity to comment on the Project, as we continue to collect general public comment at any time throughout the process.

If it would be helpful to schedule a phone call to discuss any specific questions you may have, or to walk you through the logistics of the Draft EIR, please let me know and I will coordinate accordingly.

Regards,

Ms. Nguyen,

Please extend the deadline for comment on the Hollywood center project. It is not feasible for the public to review and express their opinions about this project during a global pandemic and a citywide lockdown. I am shocked that this is moving forward right now, and the cynical side of me thinks that certain interests are trying to force this on the public surreptitiously and during a time when it would receive little attention (which is disgusting).

Alternatively you could just deny the project which would be the second time the public has stated that we don't want oversized monster projects like this in our city- especially in Hollywood which is not like downtown and would not support skyscrapers - and especially when it would be built on a major fault line!

How many times do we have to tell the city we don't want this project in Hollywood? Send these developers away for good!

Thank you,

Adam Fischer
