---

Dear Mindy,

I am so grateful to have affordable housing here in Culver City and in an area near to the theatre where I do most of my work.

Culver City Senior Housing has been my home for over 5 years, and I have found it to be exceptionally maintained, with beautiful fragrant bushes surrounding the building, a large common area where Tai Chi and crafts are offered, laundry, parking and a resource director connecting the residents to the community outside.

Safe and beautiful and so nice to be here!

Thank you,

Penny Safranek
