Dear Mary Ann,

Thank you for your email. Your comments have been received, by way of the Director of Planning, and will be included in the administrative record for the Hollywood Center Project EIR. Please be advised, however, that no extension to the Draft EIR comment period has been granted at this time. Please also note that the City did not hold any public meetings relating to this Project during the comment period.

While we encourage that any comments related to the environmental document be made during the Draft EIR comment period so that they may be responded to in the Final EIR, we continue to collect general public comment at any time throughout the process. Any concerns that are not related to the environmental review portion of the Project may be reiterated at future public hearings and meetings to ensure that the decision-makers understand your concerns. As you are an interested party, you will be notified of when these hearings and meetings will take place.

Let me know if you have any further questions.

Question regarding THE (rebranded) MILLENNIUM TOWERS/HOLLYWOOD CENTER

Considering recent FBI investigations (delayed due to COVID) into corrupt dealings between high end real estate developers and city council members, wouldn't it be wise to hold off any more questionable real estate development? It'd be in your best interest, to avoid the appearance of impropriety.
