---

Hi Kathleen,

Thank you for your email. Your comments have been received and will be included in the administrative record for the Hollywood Center Project EIR. Response to your comments will be provided in the Final EIR, for which you will be notified once available for public review.

Once the Final EIR is released, there will be a public hearing process for the related entitlements, at which time, I would advise that you provide any comments regarding non-CEQA related issues for the decision maker's consideration.

Please let me know if you have any questions in the meantime.

Dear Mindy,

I am very concerned with the proposed tower project, particularly being implemented in such a rushed fashion during Covid-19 quarantine.

I am in leadership with the following organizations which work for the health and welfare of people in the Hollywood community:

- Rotary Club of Hollywood
- The Salvation Army, located on Hollywood Blvd
- First Presbyterian Church of Hollywood on Gower and Carlos, which includes The Children's Center on LaBaig and Yucca.

One question:

'Why is the building of 46 stories deemed appropriate for the cultural and historic community of Hollywood, when currently the tallest buildings are not more than 20 stories?'

Thank you.
