---

Hi Marvin,

Thank you for your email. Your comments have been received and will be included in the administrative record for the Hollywood Center Project EIR. Response to your comments will be provided in the Final EIR, for which you will be notified once available for public review.

Once the Final EIR is released, there will be a public hearing process for the related entitlements, at which time, I would advise that you provide any comments regarding non-CEQA related issues for the decision maker's consideration.

Please let me know if you have any questions in the meantime.

To whom it may concern,

I am a recent owner of property here in a Hollywood at 1957 N Bronson Ave. Before the pandemic traffic would back up off the 101 highway. So I can guess as we reopen traffic will be back soon. This project will create even more issues with traffic. Please don't let this project make an already difficult situation even worse.

I also want to share my fear with this developer. We are all aware of what is going on with the dangerous tower in San Francisco and it would be a shame to let the same thing happen here in Hollywood. Thank you for your time and consideration in my request.

Regards,

Marvin Van Ekeren

Marvin
