---

Hi Alison,

Thank you for your email. Your comments have been received and will be included in the administrative record for the Hollywood Center Project EIR. Response to your comments will be provided in the Final EIR, for which you will be notified once available for public review.

Once the Final EIR is released, there will be a public hearing process for the related entitlements, at which time, I would advise that you provide any comments regarding non-CEQA related issues for the decision maker's consideration.

Please let me know if you have any questions in the meantime.

Hi Mindy,

We have a unit in the Broadway Building at 1645 Vine St. in Hollywood. I believe the addition of these two buildings in the Hollywood Center Project will severely impact the quality of life in our neighborhood. These tall buildings belong in downtown LA, not here. Have you driven north on Vine St. towards the 101 during rush hour? There is so much traffic now that it will become absolute gridlock with the addition of these two buildings. The streets and the freeway on-ramps will not be able to handle the increased traffic. Can you let me know what you will be doing to rectify the traffic situation if the buildings are built?

Best regards,

Alison Leslie
