Ms. Nguyen,

I am sending this email to offer support during this public comment period for the proposed project, Hollywood Center. I am in support of this project and feel it will be an asset to the Hollywood community.

My family has owned the property located at 6051 Hollywood Blvd. for three generations. We want to see projects like Hollywood Center be built and provide opportunity for the Hollywood community. Hollywood NEEDS this project.

The team who have designed this project have imagined an exciting and 21st century design that will be an enhancement to the Hollywood community. I have discussed the project with team members who are thoughtful and CARE about Hollywood.

The project creates affordable housing units for senior citizens, open civic space for recreation and interaction, density near public transportation and will create jobs.

Please hear those of us who want to see Hollywood improve with projects like the Hollywood Center. Hollywood needs development just like this to reinvigorate and re-brand a neighborhood many Angelenos think poorly of.

Thank you for this opportunity to participate in the public comment for the Hollywood Center Project. I encourage the city to proceed with the plans to bring this exciting addition to Hollywood life after so many years of waiting.
