---

Hi Billy,

Thank you for your email. Your comments have been received and will be included in the administrative record for the Hollywood Center Project EIR. Response to your comments will be provided in the Final EIR, for which you will be notified once available for public review.

Once the Final EIR is released, there will be a public hearing process for the related entitlements, at which time, I would advise that you provide any comments regarding non-CEQA related issues for the decision maker's consideration.

Please let me know if you have any questions in the meantime.

Hello Mindy,

I am concerned about such development in Hollywood (image attached) as there has already been SO MUCH BUILDING already !! We the local residents can already feel the impact as traffic has become MUCH WORSE. It feels like Hollywood has become OVERPOPULATED as is!! And now these towering building are being considered??? Honestly I think that the current new buildings are appropriate in height (under 20 stories I believe) for Hollywood's quaintness and historical charm.

Let the developers go DOWNTOWN if they really want to go that high. It would be ridiculous and impractical to "squeeze" into Hollywood's landscape.

Therefore me and my family and neighbors too, are AGAINST THIS NEW DEVELOPMENT IDEA 100%.
