Hi Yvonne,

Thank you for your email. Your comments have been received and will be included in the administrative record for the Hollywood Center Project EIR. Response to your comments will be provided in the Final EIR, for which you will be notified once available for public review.

Once the Final EIR is released, there will be a public hearing process for the related entitlements, at which time, I would advise that you provide any comments regarding non-CEQA related issues for the decision maker's consideration.

Please let me know if you have any questions in the meantime.

I am opposed to the Millennial project, as a home owner in Beachwood Canyon and as a resident of Hollywood. I have lived in the canyon since 1971 and while I am not opposed to change, I am opposed to changes that will negatively impact the general environment. LA is notoriously ahistorical and there comes a point when it's not just about erasure of this or that building, but doing damage by overloading the existing infrastructure to the extent at which a locale becomes unfriendly, difficult, barely livable. The Millennium project will push Hollywood, which is already so impacted that it can take 25 minutes to drive the two mile stretch on Franklin Ave from Western/Los Feliz to the 101 frwy on ramps at Argyle. From Beachwood Canyon there is no longer a reliable route or time to avoid bumper to bumper traffic. The proposed project—no matter the amount of lip service paid to pedestrian “traffic”—will greatly, negatively impact the air quality, the traffic, the skyline and its being built atop a fault that will make the structure unreliable.

Mr Garcetti, a guy who talks liberal and acts Trump-like, policy-wise, seems to beholden to the NY developers, or just developers period. I'm so sick of yes-men and yes-women on the City Counsel...it's extremely disheartening that LA is a the top of the most corrupt cities in America list. The latter makes me think writing my opinion is a complete waste of time. I hope those of you on the take rot is the worst kind of hell, though I've surmised for the person that has no conscience, there is no hell...also no love, no sense of real meaning, no depth, utter stupidity and shortsightedness.
