Subject: Attempted document delivery

Hi Mindy,

A mystery was solved today regarding an attempted delivery by FedEx earlier this week. An attempt was made prior to our office opening and I was unable to schedule a redelivery through online tracking. Instead we were notified to pick it up at Wahlgreen's but that didn't work. I was finally able to speak to someone today and was notified that the package was returned to Major Projects City of LA Planning. I attempted to call but there was no answer. Looking through staff list I saw your name as the only person I "knew".

Would you kindly advise whoever sends out documents that this occurred and it was a FedEx error. Not knowing what the documents were, I ask that they be resent.

Thanks for your assistance.
